Area GTE Workers Return After Strike

By Irene Pettyjohn

The International Brotherhood of Electrical Workers (IBEW) Local 1106 ended their 44-day strike against the General Telephone Company (GTE) by ratifying a new three-year contract with GTE North.

Union ratification of the new contract was announced by GTE North Incorporated on September 30, and involved approximately 2,200 of the company's 2,700 employees.

The strike, which began at noon on August 17, officially ended at 12:01 a.m. Sunday, October 1, returning 23 area employees to their jobs. Frank Buck, GTE Communications Manager, said that most striking employees are expected to return to work within several days, although a "back-to-work agreement" between GTE management and the union allow for up to 15 days to complete the work scheduling process.

Buck said that the new three year wage and benefit package is a fair and equitable contract, and met at all concessionary. He stated that the new contract is worth an average of more than \$3,000 for each of the 2,200 bargaining unit members and will cost the company \$6.7 million.

The new contract contains the following wage and fringe benefit provisions:

Union employees will receive a \$275 ratification bonus plus a one percent wage increase for the first year of the contract, a two percent increase the second year, and a two percent in the third year.

The new contract stipulates that after hours availability pay for employees (on call) will be assigned first on a voluntary basis and then from the seniority list, beginning with the employee with the lowest seniority called first and working up the list.

The concession telephone service for active employees will change from 1/2 their base rate to a flat \$6.50 reduction in their local base rate. Employees with 25 years of service or more as of 8/10/88 will receive their local service free.

In the past GTE has provided medical insurance to employees who retired at the age of 62 until age 65. The new contract provides

medical insurance to retirees from age 60 to age 65.

Overtime pay was a major issue during the contract negotiations. The new contract allows for double overtime pay to be phased out over two years. Double overtime will be paid to employees who work over 56 hours until June 30, 1990, and then will not be applicable for the remainder of the contract.

The Savings and Investment Plan will be available to GTE union employees. Employees will be able to invest up to 6% of their wages in the company investment plan and GTE will match the investment by 50%. This means that for every \$1 saved by the employee the company will add 50¢. These investments can be placed in GTE Stocks, Guaranteed Income Fund, Equity Fund and

Bond Fund.

Randee Flowers, a union GTE employee from Grayling, disagrees with GTE's contention that the new contract is not concessionary.

"I will be making a little more money in my pay envelope," said Flowers, "but even the one percent wage increase does not be-

Truck Hits Electric Pole At M-75 West Intersection

A semi-truck jackknifed into an electricity pole at the intersection of M-72 West and the I-75 Business Loop. Michael Page, of Lupton, was attempting to turn the truck onto M-72 on wet pavement when the truck went out of control. Fire trucks were called to the scene at 11:10 p.m. Tuesday, Oct. 4, as a precaution until fuel tanks could be drained. The driver was cited for driving too fast for conditions.

2nd PTA Meeting Focuses On Drug and Alcohol Abuse

The Crawford-AuSable PTA had a successful first meeting on Monday, Oct. 3rd. The slate of officers nominated by the steering committee was elected unanimously. These officers, headed by president, Carol Ramaswamy and vice president, Terri Wakeley will serve for the remainder of the school year.

Representatives from all 4 school buildings spoke about the highlights and concerns of their buildings and the audience also listened to the concerns of the district as a whole. As a result, the PTA is planning to instigate a letter-writing campaign to the state representatives to encourage much needed changes in the public school funding.

The Monday evening program was a panel of educators from the school district speaking about communication between parents and teachers.

The November 7th meeting of the Crawford-AuSable PTA "Just say No! Is it that easy?" will be the first of a 2-part series on drug and alcohol prevention. Featured in this program will be Cynthia Sparks from the Elementary School's B.A.B.E.S. program, Tom Coors from the Middle School's D.A.R.E. program as well as the 2 non-partisan candidates for the office of Crawford County Probate Judge, John Hunter and Grace Dopp Wegner.

County Fair Annual Meeting Scheduled for October 18

The Annual meeting of the Crawford County Fair will be held on Tuesday, October 18th, at 7:30 p.m. in the basement of the Courthouse.

There will be election of officers and the public is invited.

\$1000 Grants Available For Farmers and Loggers

Area farmers and loggers may be eligible for grants of up to \$1000 each through the Michigan Energy Conservation Program. Otsego and Crawford-Roscommon Soil Conservation Districts will receive \$22,471 to distribute by March 20.

Applications will be accepted between October 15, 1988 and January 30, 1989. Grants will be available for energy efficiency improvements to logging, planting, irrigation, and spraying equipment and livestock facilities. Proposals with the greatest energy savings will be given highest priority.

For more information and to receive a copy of the program guidelines call the Soil Conservation District offices in Gaylord at 732-4021 or Roscommon at 275-5231.

G.P.A. Publishes Local Recipes

For those who haven't had a chance to sink their teeth into a delicious meal at D.J. Taylor's or enjoy the cuisine from Mo McNamara's kitchen, here's the next best thing. These ladies and other G.P.A. members have put together their favorite recipes and published them in a cookbook.

The cookbook includes conversion charts, ways to use leftovers, calorie tables, helpful hints on how to get stains out of different fabrics, and of course, the best recipes from the kitchens of G.P.A. members. This is a real Grayling collectors item for only \$5.00. You will find the cookbooks at the Grayling State Bank, the Icehouse and at Weaver's Gifts.

Mental Health Emergency Upgrades After-Hours Services

North Central Community Mental Health has upgraded its Emergency Services Program by contracting with Third Level Crisis Intervention Center, Inc. Through this contract residents of Crawford, Missaukee, Roscommon, and Wexford Counties will be able to reach toll free crisis counseling, receive information and referral services, and access North Central's after-hours emergency services staff when specialized mental health intervention is required. An added benefit is that these services will be available to the hearing impaired population with access to a telecommunications device for the deaf (TTD).

The toll free telephone number is 1-800-442-7315. All requests for after-hours mental health services should be made to this number. Third Level staff will forward calls to North Central's on-call worker when the call requires additional services. During normal working hours emergency calls still should be directed to one of North Central's office locations.

If you have questions call Anton Colasacco at (616) 775-1213.

Knibbs City Parcel Rezoned to Commercial

David Sabin, City Attorney, has notified the Grayling City Council that the Knibbs' request for the rezoning of Block 10 of Hadley's Second Addition from R-2 (residential) to C-2 (General Business) was approved at the last Council meeting held on Monday, September 26.

It had been Sabin's opinion that the three yes, two no vote decision of the council lacked the two-thirds majority needed for rezoning as required by Section 4(5) of Act 207 of 1921, as amended.

At the request of Nelson A. Miles, attorney for the petitioner, Knibbs, Sabin reviewed the City file to determine whether the protest petition complied with the requirements of the City Rezoning Ordinance. Sabin discovered that a formal protest petition had not been filed.

Jerry Morford, City Manager, explained that a protest petition is a "device that can be used by someone who wants to protest a pending rezoning."

Section 4(5) of Act 207 of 1921 as amended states that a protest petition shall be signed by one of the following:

(a) The owners of at least 20% of the area of land included in the proposed change.

(b) The owners of at least 20% of the area of land included within an area extending outward 100 feet from any point on the boundary of the land included in the proposed change.

In a letter to the City Council, Sabin stated, "Since there was no protest petition filed prior to the September 26, 1988 City Council meeting and since the information provided by Mr. Kraus at that City Council meeting does not meet the requirements of the protest petition, my advice to the Council regarding the two-thirds vote required was, in fact, incorrect. Without a protest petition having been filed, the Council vote regarding the change of zoning would require only a simple majority pursuant to Grayling City Charter and therefore, the rezoning motion would have passed."

Morford said that a note stating the rezoning approval has been added to the City Council's September 26 minutes. This was done, Morford explained, to insure that in the future someone reading the minutes would not come to an erroneous conclusion.

During the September 26th City Council meeting Mr. Emil Kraus, a resident of

United Way Contributes To New Life Community Services

New Life Community Services Director Bob Smock says that his agency is an example of a dream coming true because people were willing to work hard to make it happen. New Life, one of the 16 agencies funded by the 1988-89 Crawford County United Way Drive, provides an opportunity for "new life" to the oppressed and needy in Crawford County.

But two years ago, in the summer of 1986, it was still only a dream. Smock explains that on two successive trips, he and Derik Roy, St. Francis Episcopal Church Minister, tossed around ideas for an agency which would work with offenders at the misdemeanor level, with the intent of keeping them from ending up in jail or prison.

Smock met with Bill Garden, probation agent for the 83rd District Court (Crawford and Roscommon counties). He says that Garden had a caseload of 300, with 80 percent of the probationers unemployed. Together they developed a program to deliver employment, education and counseling services to substance abuse traffic violators. They sought and received federal funding from the Office of Highway Safety and Planning (OHSP).

In October, 1987, New Life began offering services as a non-profit corporation. Smock continues to meet regularly with Garden and occasionally with District Judge Francis Walsh. David Holzbauer works with Smock as the program manager and Roy serves as chairman of the board of directors.

When people are sentenced in District Court as substance abuse traffic violators, they can be referred to New Life to receive services. Smock says that they chose this initial target group due to the large number of driving offenses committed in the two-county area.

New Life also offers a community counseling program, which includes individual, family and marriage counseling, and is increasing its staff to meet the need. United Way funding will help make counseling affordable to all members of the community.

The agency rents office space from St. Francis, located on M-72 West in Grayling. Smock says they hope to expand further to include youth services, which they would like to coordinate through the Probate Court, local law enforcement agencies and the schools.

\$65,600 Grant Helps Rehabilitate Drunk Drivers

by Irene Pettyjohn

New Life Community Services has received notification that they will be receiving \$65,600 from the Office of Highway Safety Planning to operate their 83rd District Court Substance Abuse Traffic Violation Program for a second year.

The grant is for a three year Federal program that is approved annually. The program receives 100% (\$65,600) funding the first year, 80% (\$52,480) the second year, and 50% (\$32,800) the third year.

Robert Smock, director of the program, said that he is confident that the \$16,400 needed to fund the program at last year's level will come from the Crawford and Roscommon County's Liquor Tax revenue. Smock said that applications have been sent to Northern Michigan Substance Abuse Services for \$8,200 from Crawford County's Liquor Tax dollars, and to Mid-State Substance Abuse Services for \$8,200 from Roscommon's Liquor Tax revenues. These funds have not been approved, but Smock believes that part, if not all, the requested funds will be made available to the program.

The 83rd District Court Substance Abuse Traffic Violation Program provides employment, education and counseling services to residents of Crawford and Roscommon Counties who meet the eligibility determination. Initial determination of eligibility is made by 83rd District Court probation officer.

A person enters the 83rd District Court

Program following arraignment by referral from William Garden, Probation Officer. Once in the program New Life Community Services staff complete an intake assessment of the client's employment, education and counseling needs.

According to Smock more than 70% of the participants in last year's program were unemployed.

Education assistance includes employability skills training, remedial education, GED preparation and goal setting.

Counseling is provided on an ongoing basis and includes individual counseling, family and marital counseling, employment counseling and financial counseling.

Counselors at New Life Community Services are David Holzbauer and Robert Smock. Both hold Masters degrees in Guidance and Counseling. Holzbauer is primarily responsible for the individual counseling, and Smock, besides being responsible for the administration of the program, works with employment and community placement.

The following information is an overview of the 1987-88 substance abuse program, provided by Robert Smock.

Last year the 83rd District Court Substance Abuse Traffic Violation Program enrolled 75 persons in this program.

Forty-seven individuals received counseling. Family intervention, marital, financial, education and employment issues were confronted. Weekly sessions occurred with the

gin until November 27th." Flowers explained that union employees are losing their double overtime benefit, their health insurance deductible is increasing, travel pay for days used traveling to and from GTE schools has been reduced by 1/2 and the concession telephone service which paid for 1/2 the local base rate has been set at a flat \$6.50. Flowers said that the Savings and Investment Plan, which has been available to management only in the past, does not begin for union employees until January 1, 1991, and the wording in the new contract gives management the power to change this benefit at will.

"Our new contract expires in August of 1991," Flowers said. "I don't think that this is much of a benefit when compared to what we lost."

"There are many other concession items included in the new contract," Flowers said. Flowers stated that the new contract may cost GTE \$6.7 million, but he would like to know how much the company will be saving by employee concessions. Flowers said that prior to contract negotiations GTE employees received a letter from Max Preston asking employees to agree to certain concessions in order for GTE North to be more competitive. He said that the company stood firm on these points.

According to Flowers, most union employees are dissatisfied with the terms of the new contract which passed 61% to 39%. He said that the longer the strike went on, the more difficult it was financially for the out-of-work employees.

Buck said that contracts change constantly; clauses are added and removed with every new contract. These changes do not mean that the contract is concessionary.

GTE and IBEW began negotiating in June. The previous three-year contract, scheduled to expire July 2 had been extended on a daily basis until August 16, when the union rejected management's "final proposal" and began striking on August 17.

During the strike approximately 500 management employees and supervisors from Michigan and other states in the company's 10 state region worked 12-hour shifts to keep GTE services operational.

A Federal mediator, William Gill, called the two bargaining units together again on September 12, after a 27-day lapse in negotiations, for the final bargaining sessions. These sessions culminated on September 22 when both parties reached a tentative agreement.

The IBEW held eight ratification meetings from September 26 to September 29. The ballots from all eight meetings were

counted September 30 and the results reported to the company late that day.

Vandalism was so wide-spread during the strike, occurring in 64 communities served by GTE, that the company tripled its reward from \$5,000 to \$15,000, in an attempt to gain information leading to the arrest and conviction of the vandals.

In Crawford County vandalism occurred in four locations.

The first instance of vandalism occurred on August 22, one mile south of Bradford Hills in Frederic Township. A cable, involving 50 pairs of wires, was cut, resulting in the loss of service to 10 customers.

Also on August 22, a long distance cable was cut resulting in the loss of long distance service for 4,000 Crawford County residents from 10:25 p.m. to 2:30 a.m. The cable was located on Old 27 1/2 mile north of Five Mile Road.

Crawford County Sheriff Department reported that this act of vandalism left the southern portion of the County (Beaver Creek), which has a 275 prefix, unable to contact any emergency services. Police, fire and ambulance calls were all relayed through the Crawford County Sheriff Department's switchboard. To insure that the residents of Beaver Creek Township would not be without fire protection, Ed Holtcamp, Beaver Creek Fire Chief, manned the telephone at the firehouse until service was restored.

These precautions turned out to be unnecessary, but the potential for a life threatening situation existed for several hours.

Because the Sheriff Department's state-wide computer system operates through the long distance telephone lines, it was also inoperable during this time.

The other reported vandalism occurred on Four Mile Road where a cable was cut and at the Grayling I-75 rest area where two hand-sets were severed.

The Crawford County Sheriff Department listed the damage to GTE equipment to be in excess of \$1,000.

Buck stated that the vandalism in the northern portion of the lower peninsula was slight when compared to central and southern Michigan.

Following the IBEW ratification Max Preston stated, "We can now turn our full attention to our number one priority — providing service to our customers. Most customers were patient and cooperative during the strike," he said, "and they deserve our thanks."

GTE serves 537 Michigan communities located in 58 of the states 83 counties and has approximately 500,000 customers.

average length of counseling provided lasting 12 to 16 weeks per client.

Twenty-four substance abuse traffic violators were placed in private sector jobs. Resumes were developed for all clients, local resources were identified and contacted and interviews were arranged for many clients. Of the 24 job placements completed, 20 individuals remain employed. Of the four remaining people, two moved from the area, one was injured and one failed the program.

Eighteen substance abuse traffic violators were placed in community service positions. These people worked in the public sector providing nearly 2000 hours of free service to the community. In many cases court costs and fines were reduced or eliminated via this service to the public. Community service positions were contracted to non-profit organizations.

Educational assistance was provided to 10 substance abuse violators. These services included high school completion, GED assistance, vocational education referral and higher education consultation.

Smock reported that New Life Community Services met or surpassed each objective in the five categories listed in their grant application. These objectives and accomplishments are as follows:

Smock credits much of the success of the 83rd District Court Program to the cooperation, communication and coordination by Judge Walsh and Probation Officer William Garden.

"Michigan is seriously considering passage of a Michigan Community Corrections Act," said Smock. "This legislative effort is called House Bill 4164 and might well pass by the end of 1988." Smock said that when passed, the bill will serve as official notification by the legislature that the state must focus its criminal justice rehabilitative efforts on community corrections programs instead of new prisons.

He agrees absolutely, that assaultive and dangerous people need to be incarcerated, but he contends that 40% of Michigan's prison population consists of non-assaultive property crimes that might well be better addressed at the local level through either the county jail or solid community correction programs. Smock stated that prisons do not rehabilitate, but rather make many criminals worse coming out than when they entered the system.

"I believe," stated Smock, "that the 83rd District Court Substance Abuse Traffic Violation Program serves as a useful model for future community correction efforts. Not only does it serve the offender in a useful manner, but it saves taxpayers thousands of dollars."

THE BLUE LIGHT PHENOMENON

QUESTION: What is a Blue Blocker lens and how is just a tinted lens going to improve my vision?

ANSWER: To understand the Blue Light Filtering lens you first must know what blue light is. Blue light is the shorter wavelength portion of the visible light spectrum and dominates daylight and is a major component of glare. The Blue Blocker lens does just that, it uniformly filters blue light. In filtering out blue light uniformly most haze and glare are reduced so wearers see greater detail. Though filtering blue light reduces haze and glare a wearer may also perceive some loss of color perception such as dark blue and green. In general most wearers report significantly reduced glare and haze producing sharper vision and better depth perception.

Knibbs City Parcel Rezoned to Commercial

(Continued from page 1)

Peninsular Avenue where Block 10 of Hadley's Second Addition is located, spoke against the rezoning. Kraus stressed that the street in question was of an historic nature, and was a prime residential area. He stated that the area should not be downgraded by rezoning one parcel to a commercial status.

The motion for rezoning the property was made by Sandy Thompson and supported by Dennis Sloan. Joe White, Sandy Thompson, and Dennis Sloan voted to approve the rezoning. Robert Golinick, and Dorothy Latuszek voted against the issue.

At the August 26th Public Hearing on the rezoning issue the City Management Staff recommended against the rezoning. The staff's recommendation requested that the rezoning be denied for the reason that the property was appropriately zoned in relation to surrounding uses. It said that rezoning to C-2 would result in increased traf-

fice congestion at an already congested area. The recommendation further stated that the highest and best use of the property was R-2 residential. The only exception would be to use the property for limited office use in light of the access problem, parking area needs and relationship to surrounding uses.

According to Morford, the only question remaining at this time is whether or not the materials presented by Mr. Emil Kraus and others constitutes a proper protest petition. He said that it is the City Attorney's position is that the protest petition did not meet the requirements of the Act, and therefore did not trigger the need for a two-thirds vote.

Block 10 of Hadley's Second Addition covers the parcel of land bordered by Lake, Peninsular, and the I-75 Business Loop.

If the residents opposing the rezoning wish to continue their opposition, the next step would likely be filing an appeal in the local circuit court, said Sabir.

Here are the puzzles from last week again, with the answers this time:

Problem Solving of a Different Sort

A customer in a hardware store asks the price of an article on display. Practically every hardware store carries this article, for no home should be without it. The following conversation takes place:

Clerk: "The price is a quarter each."
Customer: "That means seventy five cents for 100?"
Clerk: "That's right."
Customer: "Well, I'll take 1094."
Clerk: "O.K. That will be one dollar."

This conversation makes perfect sense. What is the article?

Answer - The article is a house address number. One number costs a quarter, a one, a zero, and a zero cost seventy five cents, and a one, a zero, a nine, and a four would cost one dollar.

Here's a history problem for you:

Everyone knows Christmas and New Year's Day always are one week apart and fall on the same day. Yet in 1933, when Hitler was first coming into power, Christmas fell on Sunday and New Year's Day fell on Monday. How did this happen?

Answer - New Year's Day in 1933 fell on a Monday. More than eleven months later Christmas of 1933 fell on a Sunday. New Year's Day of 1934 fell one week after Christmas on a Sunday.

Here's an English problem for you:

Think of common words that are mispronounced. This common word is

pronounced wrong by most people. In fact, if you asked 10 English teachers how to pronounce it, chances are all 10 would all pronounce it wrong. What's the word?

Answer - The word is "wrong."

Here's an old math problem:

A river is eroding into a bank. The water advances 3 feet a day and retreats 2 feet at night. How long before a house 30 feet away gets wet?

Answer - On the 28th day the house would get wet for the first time.

Why was Teddy Roosevelt buried on the side of a hill?

Answer - He was dead.

How many grooves are there on a long-playing album?

Answer - Two, one on each side.

What goes up but never comes down?

Answer - Your age.

Do you know what is green, what you can ride to school in, and what can make toast?

Answer - A pickle, a school bus, and a toaster.

What time is it if two elephants jump into your bed with their eyes closed?

Answer - Time to get a new bed.

Now that you've handled these easy ones, does anyone know any tough puzzles to stump Avalanche readers? Send them to the Avalanche at P.O. Box 490, Grayling, and we'll print them.

Lots to be Thankful For Living Here

I would like to say a well deserved "Thank You" to the people of Grayling who have worked hard to make the town so pretty. I love the little park with the Gazebo and pretty flowers, it was a pleasure to see it progress from an empty lot to a thing of beauty and realize that it was through love and cooperation it happened.

I am very proud of the Museum and the Fish Hatchery. I can drive the great-grandkids there and my grandsons can say your "grandpa" worked in that nice white building. They get pleasure from looking at the fish.

I also thank the K of C's for the Friday fish fries. I can see old friends I wouldn't otherwise see.

Thank you for the barrier-free new school. I wish I could work there.

I also am thankful for our church's chair lift and the handicapped entrance to the basement.

Thank you people who have provided large print books for our Library.

I am also thankful for our National Guards presence here. What's a little noise?

I get tired of reading negative things about Grayling. Maybe I do have to drive around to find a handicapped parking place. That is tough, but I go into an empty place and we get the wheel chair out and we get to wherever I need to go.

I do feel the Banks should and could have a ramp or handicapped entrance. I surely do not feel like a second class citizen though. I think Grayling is great and the people who work so hard to make it that way, never get enough thanks. Did I forget the "Booster Club?" I didn't mean to, they've done so much for school, etc.

We have so very much to be thankful for. We should not be too critical. The people who take handicapped places don't mean to be mean. Perhaps they can't read.

God Bless Grayling the best town in Northern Michigan.

Ruth Robertson
(Mrs. Thomas Robertson)

Displaying Campaign Materials Is Wrong for School Employees

As a former teacher in the Grand Rapids School District, I'm concerned as a citizen of this community, to see the current school administration allowing its employees' on school grounds to display and promote campaign literature for a political candidate. This policy of allowing employees to campaign for a candidate on school time and property is ethically and morally wrong.

Furthermore, we the citizens and taxpayers should demand that the superintendent and the school board

stop this policy. Moreover, the school administration should stay out of the political arena and concentrate its efforts in providing quality education to our children. Robin Menefee Grayling

(Editor's note: The school's board written policy prohibits campaigning by employees on school grounds. Bumper stickers and signs on employee vehicles parked in school parking lots are not covered by this policy.)

Crawford County Community Services Needs Extra Help

Grayling Business and Professional Women who sponsor the Crawford County Community Services for the needy at Christmas is in much need of support this year.

In past years this service has been funded from FIMA and other generous donations from Service Clubs and friends in the Community.

Unfortunately this year they are not going to receive any monies from FIMA to support this project.

BPW will need your support to help furnish Christmas Baskets and new toys for 150 to 200 needy families in our community. They need donations for food by the end of October and new toy donations for the needy children by December 1st.

All donations are Tax Deductible. For further information or any donations please contact: Bernita Sieger, Rt. 2, Box 2418, Grayling, 348-8541 (after 5:30 please) or Hertha Laupmanis, P.O. Box 342, Grayling, 348-7611.

Dunn's run is all uphill

POOR JIM DUNN.

He's the East Lansing builder and one-time congressman who battled for and won the Republican nomination to face fat-cat incumbent Democratic Sen. Don Riegle in this year's election.

Mr. Riegle's been a Washington insider for 21 years, first as a Republican yuppie congressman, and for the last 12 years as a stalwart Democratic senator. He knows where the levers of power are located, and how to manipulate them.

As the potential chairman of the Senate Banking Committee — and as a leading member of the Budget, Commerce and Finance Committees — he also has considerable commercial clout, which causes campaign donors from around the country to seek out and force contributions upon his campaign treasurer. The Riegle campaign chest bulges at more than \$4.5 million, according to most published accounts.

Challenging such a political titan is a meat-grinder job at best. Poor Jim Dunn.

AND THIS TIME around, that's "Poor Jim Dunn" in a literal sense, too.

As if the sheer political power odds aren't bad enough, Mr. Dunn reports that the bottom has fallen out of his campaign chest, too.

According to Mr. Dunn, the National Republican Senatorial Committee in Washington promised him almost \$650,000 for his campaign, but won't deliver, and the Michigan Republican Party promised to raise another \$250,000, but also has not delivered.

Published reports indicate Mr. Dunn already has spent \$250,000 of his own money, and now admits he may have trouble reaching even \$1 million — and a million dollars is peanuts in a Michigan Senate race.

So while Mr. Riegle is spending \$2 to \$3 million to flood the airwaves with his slice

commercial — and they are extremely well done and effective, from what I've seen — Poor Jim Dunn will be lucky to get his own TV spots on the air with any sort of regularity, or success.

WHAT HAPPENED to poor Jim Dunn?

"I'm not blaming anyone. It's my fault.... my inability to turn these people around," said Mr. Dunn, referring to those who control political contributions.

But he's not giving up, even though "you get tired of begging."

"I've lost more than I've won, but occasionally you can make a difference, so I will keep going. Maybe our message will get out on election day."

OF COURSE, nobody hogtied Jim Dunn and forced him to enter the race for senator. In fact, he had to beat out former Congressman Bob Huber in a rather spirited August primary, just to get where he is now. Running for senator is a matter of personal choice.

And it was apparent from the beginning that Mr. Riegle would have all the advantages of incumbency — staff, exposure, experience, mailings, etc. — plus a bulging campaign treasury. It was obvious Mr. Riegle could and would spend anything he needed to keep his job.

Mr. Riegle always has been a fighter and a tough campaigner and — unlike either Mr. Dunn or Mr. Huber — has won far more than he's lost.

SO WHAT spurs poor Jim Dunn — and other political hopefuls who face seemingly insurmountable challenges? What makes them run?

There's always the chance — the outside chance — that the underdog can win. It's happened before, and it will happen again. But not this year for poor Jim Dunn.

Notes from the Woods

By Nancy Lemmen
Avalanche Columnist

William Shakespeare. Is there any other writer in the history of the English speaking world whose name is so well known and whose works are so unappreciated?

I was introduced to the plays of Shakespeare as a freshman in high school. All ninth graders read "Romeo and Juliet." All sophomores read "Julius Caesar." We were saved our junior year, because we studied only American literature. As seniors, it was back to English Lit where we read "Macbeth" or "Hamlet" — I've forgotten which one.

For my classmates and me, reading Shakespeare was something to muddle through, tediously and slowly — mired down if our text contained numerous footnotes or completely confused if it did not.

In college, I managed to avoid taking a Shakespeare course until my senior year. Yet for some reason — maybe I was influenced by more literary folks — I joined a group going for a week-end trip to the Stratford Festival in Stratford, Ontario, to see two of his plays.

This was the first time I noticed that my peers were actually eager to spend time with stuffy old Will. To get tickets, my roommate and I had to stand in line at least an hour before they actually started signing up people. Students toward the end were turned away. There was more interest in seeing Shakespeare than there were tickets. I was amazed.

Now, I think that is the key: The plays of Shakespeare are meant to be seen rather than read. And for someone who lives in the midwest United States, there is no better place to see them performed than at Stratford.

I went with the college group. Then I went back with friends and relatives several times. For the past six years I have gone annually with a group of students, teachers and parents from Crawford County. And I hope to keep returning to Stratford until I see every play William Shakespeare ever wrote. I am hooked.

Our Grayling group has seen comedies ("As You Like It," "Twelfth Night"), tragedies ("Romeo and Juliet," "Othello"), a romance ("Cymbeline") and a history ("Richard III"), the last one this September.

"The Live and Death of King Richard III" is full of wonderful language. It begins with a soliloquy by the scoundrel Richard, Duke of Gloucester, who will kill and trick to get to the throne of England. I remember reading John Steinbeck's "The Winter of our Dis-

content," but I never knew the title came from Richard's opening line: Now is the winter of our discontent/Made glorious summer by this sun of York."

Horribly deformed, Richard describes himself as "so lamely and unfashionable/That dogs bark at me as I halt by them;" and tells the audience that, to pass the time, "I am determined to prove a scoundrel."

And a scoundrel he is. His first major accomplishment is the successful courting of Anne, widow and daughter-in-law of two men he murdered. He convinces her to marry him as she mourns over the coffin of her father-in-law!

When I was in high school, it never occurred to me that Shakespeare was truly hilarious. Yet the dastardly Richard got a big laugh from the student audience after Anne's exit, when he turned to us and asked, "Was ever woman in this humour woo'd?"

Ha! He alternately appalled and amused us as he killed and connived to be king. We recoiled in horror when the head of a victim was brought to him on stage; then laughed at the irony of his reaction: "So dear I lov'd the man that I must weep."

His audacity grabbed us and kept us through the play: His aide Buckingham requested the earldom of Hereford in exchange for helping Richard to the throne. The new king replied superciliously, "I am not in the giving vein to-day." What a guy!

We stayed enthralled through the battle scene, when Richard fought the Earl of Richmond. A soldier announced: "His horse is slain, and all on foot he fights." Then Richard entered and said a line I've often heard but never knew the origin of: "A horse! A horse! my kingdom / for a horse!"

We cheered Richmond as he killed the nasty Richard, and cheered again as a group of soldiers drove their spears into his corpse, and cheered a third time when Richmond reemerged as King Henry VII.

We left the theatre emotionally drained. On the trip home, the veterans of the group agreed that this was possibly the best we've seen, second only to "Cymbeline," which featured a fighter plane with spinning propeller on stage in its battle scene.

You can keep your evening soaps, your mini-series, your sitcoms, your car chase thrills. After my shaky start, I've decided to opt for the Bard of Avon. And what is so thrilling is that each fall, forty or so middle and high school students opt for him, too. They're a lot smarter than I was at their age.

A Look At Our Past

23 Years Ago

A baby girl, Paula Kay, was born October 6 to Mr. and Mrs. Clyde Weiss of Grayling, weighing 7 lbs. 11 ozs.

Dr. Ralph Hoffman, Ross Thompson, Jim Thompson and Dick Dodge left Thursday night on a fishing trip to Canada, planning to spend the weekend.

Mr. and Mrs. Glen Day enjoyed a week's color tour of the UP in the Newberry area. They returned home by way of the Lake Michigan shore saying the color was marvelous.

The Tony Burons' daughter Juliane made a trip with her roommate Del in Chicago to the New York World's Fair recently, just before its closing.

Mr. and Mrs. Charles Fick and sons visited his parents, Mr. and Mrs. John Fick, at their Mikado home weekend before last.

Larry McNamara returned Tuesday of last week from a trip to Oba, Ontario, moose hunting with Oza Bissonette and Elmer Vitengruber of Bay City. No Luck. Mrs. McNamara, Mrs. Bill LaChappelle and daughter Monica and Miss Nancy Burns spent Thursday in Bay City on business.

Mr. and Mrs. Don Denton Jr. and sons Kent and Brock returned Sunday from a three-week trip to Hampton, VA. where they visited her sister the Gerald Worden family, then going on to Jeffersonville, Ind., to visit the Richard Hills. On the way home they stopped off at St. Clair Shores and called on the James DeVines and the Bob Papendicks.

Mr. and Mrs. Earl Longworth spent Friday, Saturday and Sunday in Albion visiting their son and family, Mr. and Mrs. Timothy Longworth and Tracey Ann. On Saturday they helped to root

the Albion College football team on to a 14-13 triumph over Ohio Wesleyan.

Mr. and Mrs. Lyle Billsby were given a 25th anniversary party by several couples Saturday night at the Larry McNamara home, with around sixty people attending.

Mrs. Don Jansen visited her parents, the William Horns and sister, Mrs. Richard Peters in Saginaw Friday. She was accompanied by Mrs. Uharley Russell, Mrs. Wilhelm Raab and Mrs. Laura McLeod and all visited Mrs. Etta Phelps.

46 Years Ago
Word has been received from Frank May that he has been promoted to staff Sergeant and has been transferred to Nashville, Tenn., from Fort Leonard Wood Mo.

Last Saturday Grayling's football team came home with their second conference win, when they defeated the highly touted Boyne City 7-6. This was the first loss of the season for the Boyne aggregation. They have beaten Petoskey, Cheboygan and Charlevoix on previous Saturdays.

Mr. and Mrs. Clifford Merrill and daughter and two sons of Bay City were guests of Mr. and Mrs. Harley Russell over the weekend. Both were former Grayling residents, and Mrs. Merrill will be remembered as Eleanor Streeter.

Pierson Spaulding of Midland and his guest Ted Nelson of Grayling spent last week at the Spaulding cabin.

Mrs. Jay O'Dell and Mrs. Carl Olson of Frederic spent Saturday in Beaverton.

Miss Joyce Kendall returned to her home in Manton Wednesday to remain for the present. Miss Thelma Papendick will take over her duties

at Hanson's Sporting Goods.

Beatrice Decker, Evelyn Galloway, Marjorie Wakeley, Phillis Newell and Beatrice Brown were the guests of Evelyn Cantwell at the home of her parents, Mr. and Mrs. Jesse F. Warner of Hartwick Pines camp Saturday.

SMALL HOUSE PETS - The Crawford County Animal Shelter has several small dogs that would make excellent house pets. These pets will provide companionship for senior citizens or anyone who lives alone. The shelter is open Monday through Friday from 1-3 p.m. and on weekends 11 a.m. -12:30 p.m. The shelter is closed on Thursdays.

Commission on Aging

Coming attractions:
October 17 - Recertification for Commodities; 10 a.m.-3 p.m. for senior citizens that live in Crawford County. A representative will be here at the COA office to recertify you for your eligibility for commodities. You will need proof of your income for the past year.

October 25 - Sing-a-long with Miller, (Blanche, that is) after the evening meal.

October 26 - Attention! Former Travel Club members! There will be a meeting of former travel club members on Wednesday, Oct. 26, at 4 p.m. in the recreation room to discuss the distribution of the travel club funds. Be thinking of possibilities of what to do and where to go.

Please do not forget to vote on November 8th. Should you be hard pressed to stand in line, unable to get to the polls will be out of town on that day, please vote absentee! Absentee ballot forms are available in the COA office so don't use any excuse not to vote in this important election. We will also have volunteer drivers to take you to the polls on election day if you don't have any other way.

Scheer, Alton Married

Laurie Marie Scheer, daughter of William and Phyllis Scheer of Grayling, and Ron L. Alton, son of Lloyd and Rita Alton of Sault Ste. Marie, Canada were united in marriage at the St. Mary's Catholic Church in Grayling on Saturday, June 8th, 1988. Rev. Gerald Micketti performed the double-ring ceremony.

The bride, who was given in marriage by her mother and father, wore a floor length gown of sheer white satin. It was fashioned with a scooped neckline and a bodice of lace with embroidered pearls and sequins.

The bride carried a bouquet of white lilies, white calla lilies, stephanotis and ivy, accen-

ted with white ribbon streamers.

Sue Rioux was the matron of honor and bridesmaids were Kelly Fortino, Laura Lyon, Ann Malm, and Khristy Scheer. Vicki Sadler, sister of the bride, read the scriptural readings.

The bridesmaids all wore matching tee length dresses. The fitted V-neck tops were embroidered with white lace and pearls. The skirts were tailored in black lace.

Each carried a single long stemmed red rose and baby breaths accented with red ribbon streamers.

Amanda Fortino and Veronica Scheer, nieces of the bride, and Meghan Alton, niece of the groom, were flower girls. They wore matching floor length white dresses and carried baskets of red and white roses.

James Alton, brother of the groom was the best man, and attendants were Brad Scheer, John Scheer, Terry DuBois, and Rick Despasquale.

Following the ceremony a reception was held at the Holiday Inn in Grayling.

Guests attending the wedding traveled from Traverse City, Flint, Detroit, Washington DC, Florida, Sault Ste. Marie and Toronto, Canada.

ENGAGEMENT ANNOUNCED — Mr. and Mrs. Richard Brown of Frederic are happy to announce the engagement of their daughter Brenda to Darik Thayer, son of Mr. and Mrs. Dennis Thayer of Davison. A May 20th wedding is being planned.

Women Aglow Meet Oct. 15

The Grayling Women's Aglow will be having their meeting this Saturday, October 15, beginning at 9:30 a.m.

The ladies will be meeting in the Petrie home located at 508 Peninsular which is a new location for Aglow.

Lori Kibbe will be the special speaker this month. Lori is a Grayling resident returning from bible college.

All area ladies are encouraged to attend.

PROBATE IN PERSPECTIVE

BY: GRACE DOPP WEGNER

GUARDIANS AND CONSERVATORS are created by appointment of the Probate Court following the filing of a Petition for Appointment by any interested party.

A **GUARDIAN** is a person who is given authority to exercise certain powers over the person of a minor, or of a legally incapacitated person. A guardian is needed by 1) an unmarried minor whose parents are deceased or whose parents' rights to custody have been terminated or suspended by circumstances or Court Order, and 2) a person who is impaired by reason of mental illness or deficiency, physical illness or disability, chronic use of alcohol or drugs or other cause to the extent that the person lacks sufficient understanding or capacity to make or communicate responsible decisions about his or her person.

A **CONSERVATOR** is a person given authority to exercise powers over the estate of a minor or of a legally incapacitated person. A Conservator is needed by 1) a minor who owns money or property that requires management and protection except that if the minor's estate is less than \$5,000.00, a parent may hold the property for the support and education of the minor without Court involvement and 2) a person who is unable to manage his or her property and financial affairs effectively for reasons such as mental illness or deficiency, physical illness or disability, confinement, disappearance or who has property which will be wasted or dissipated unless proper management is provided.

The Probate Court should always be available to answer questions regarding the need or appropriateness of appointing a guardian or conservator of a person.

Girl Scouts Explore Ambulance Service

By Julia McAnallen
Girl Scout Troop 2045 met with Curt Beers on October 4. Curt is an E.M.T. specialist from Northern Michigan Emergency Medical Service. Curt talked to us about what to do when we or our friends get injured. He also talked to us about fire safety and what to do when you're caught in a fire.

We had many questions and Curt had many good answers. He taught us how to perform the Heimlock Maneuver for when someone is choking. He told us that if our friend or someone else falls from a tree or someplace high not to move them.

He told us to call the ambulance.

After Curt finished answering our questions he took us outside to look at the ambulance. The girls in the troop; Bonnie, Corrine, Tina, Heather, Julia, Jennifer, and our leader Abby, stood around the ambulance while Curt showed us some things inside it like large band aids, sand bags, hot and cold packs, and much more. Then he took us inside and he answered our questions about the things inside it.

This year Troop 2045 is happy to have Weaver's Gifts as our sponsor.

25th ANNIVERSARY — Ken and Glenda Jacobs celebrated their 25th wedding anniversary Oct. 8, with a surprise party given by their children, Mark, Brian and Kim Jacobs held at the Laura Stephenson home. Laura also helped with the party preparations. They also celebrated with a trip to Opryland and Florida.

Vikings Skunk Kalkaska 25-25-0 for Homecoming Win

The Homecoming float boasting that the Grayling Vikings were going to "Skunk Kalkaska" proved to be an accurate prediction as the Vikings experienced their first sweet smell of victory, defeating Kalkaska 25-0, Friday, October 7th.

After alternating punts and both teams showing good defense for most of the first quarter, Senior running back Rusty Argue ran 58 yards for the Viking's first touchdown. The point after kick by Rafael Mayoral was good putting Grayling ahead 7-0.

Good defense by both teams kept the second quarter scoreless as the punters for Grayling and Kalkaska were able to keep the opposing team out of scoring position.

Rusty Argue scored at the

beginning of the second half on a 70-yard kick-off return. Argue followed his blockers and did a good job of broken field running. The point after was no good making the score 13-0, Grayling.

The Vikings scored again in the third quarter on a pass from Matt Branch to Mick McKinney. Third quarter score: 19-0, Grayling.

With about seven minutes remaining in the game, Matt Branch intercepted a Kalkaska pass and ran it back 37 yards to the Kalkaska 9 yard line. Three plays later Argue ran it in from the 1 yard line for Grayling's final score of the evening. The point after attempt was no good.

On defense, John Gay and Brian Kernstock, both linebackers, were the leading tacklers for the Vikings. Head coach Don Stowers

also said Todd Thorsen, a defensive end, played a good game.

"Our entire defense played a good game," said Stowers. "We were the only team to shut out Kalkaska this year."

On offense, Stowers said quarterback Matt Branch ran the team well and the offensive line, led by Gay and Ted Baynham, did a good job. In addition to his touchdown catch, tightend Mick McKinney also kept Kalkaska off-balance with some good gains on runs off reverses.

"We deserved to win. We played well both offensively and defensively," said Stowers. "Now that we know what it takes to win, we can do it again."

The Grayling varsity takes on Sault Ste. Marie at 7:30 p.m. this Friday in the second game of a doubleheader.

Late Touchdown Gives JVs Win

The Grayling J.V. team traveled to Kalkaska Thursday, October 6, and contributed their part for Spirit Week by defeating Kalkaska 22-14.

Grayling played a spotty first half allowing Kalkaska to score with 6 seconds left in the first half. Their point after was no good making the score at the half 6-0, Kalkaska.

In the third quarter Dana Mirate took a Kalkaska turnover in for a 30-yard touchdown, tying the score. Grayling scored again when David Teddy ran 8 yards on a quarterback option. The two point conversion by Shane Fraser put the Vikings ahead, 14-6.

Kalkaska tied the game

again in the fourth quarter on a pass play and successful two point conversion.

Late in the fourth quarter a good defensive series kept Kalkaska out of the end zone. With 22 seconds left in the game, Dana Mirate ran 88 yards for a touchdown. The two point conversion gave Grayling the victory, 22-14.

"Everyone played good tough hard hitting football," said Coach Wolcott. "Our defense was determined not to let Kalkaska into our end zone."

The Grayling J.V.'s will be playing the first game of a doubleheader next Friday night, October 14, at home against Sault Ste. Marie. Their game will begin at 5:00 p.m.

Northland Tigercats Tune Up For State Special Olympics

The Northland Tigercats Special Olympics Soccer team traveled to Flint last week and swept a pair of games from the Genesee Learning Center and Grand Blanc. The Tigercats who are made up of players from

Crawford, Roscommon, Oscoda and Ogemaw counties defeated the Learning Center 4-0 and edged Grand Blanc 1-0.

The wins put the varsity's record at 3 wins and 0 losses. The squad has not given up a

goal this season. Jerry Whaley, a student at Grayling High School is the leading scorer with 3 goals, while his brother Chris Whaley, a GHS grad has tallied two goals. Another Grayling resident, Chris Wylie has scored 1 goal.

The J.V. Tigercats dropped their opening game last week in a 3-1 decision to Mt. Pleasant. Crawford County athletes on the J.V. squad include: Dave Emery, Tom Ferguson, Dawn Whaley and Nancy DiPree.

Both Northland squads will join 40 other teams from around Michigan for the Special Olympics state tournament October 14 and 15 in Warren.

Full Court Press Beats Freshman Girls

The freshman girls lost to Cheboygan Wed. night 41-24 as Cheboygan ran a full court man to man press all night. Cheboygan outscored Grayling 13-0 in the 1st quarter and Grayling never made that up.

Coach Jim Parker gave the girls a lot of credit for coming back the 2nd half after being behind 24-8 to score 16 points to their 17 against the full court man to man press. "That showed the

character and determination that this group of girls has," he said.

Grayling hosted the Houghton Lake Bobcats Monday night and plan to avenge a prior loss to Standish Sterling on the following Monday.

Scorers for the Cheboygan game were Bilye Morrow 6, Kris Welch 5, Tara Bertalan 1, Nicki Barnes 1, Brenda Moshier 5, Kris Lamie 2, and Kim Labo 4.

SPORTS FANS!

I Bet You Didn't Know

Brought To You By Tim Hart Sales Representative

One of the most unusual World Series ever played was the one in 1966. In that World Series, one team scored more runs in the first inning of the first game than the other team scored all together in the entire Series! The Orioles opened the 66 World Series by scoring 3 runs in the first inning of Game 1. But the Dodgers, incredibly, scored only 2 runs in the whole Series! They lost by scores of 5-2, 6-0, 1-0 and 1-0.

Did you know a team named the "Pilgrims" once played in the World Series? In the first World Series, in 1903, the competing teams were Pittsburgh and Boston, and Boston's nickname that season was Pilgrims. They changed it to Red Sox several years later.

Here's a tough World Series question. Of all the pitchers in baseball history, which one holds the record for winning the most World Series games? Answer is Whitey Ford who won 10 World Series games between 1950 and 1964. Nobody else has ever equaled that total.

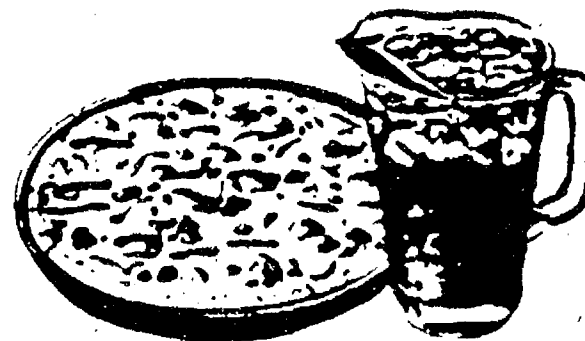

I bet you didn't know... If the League championship series seem boring, if the presidential and vice presidential debates put you to sleep, even if nothing seems to excite you anymore, we have something that will light a fire under you. It's the new '89 cars and trucks! What style, what technology, what driving excitement! Wake up, you're missing out! Come see Scheer Motors today.

55-50 Gaylord Loss Drops Vikes to 3rd

The Grayling Varsity girls basketball team split their Homecoming Week games losing to Gaylord, 50-55, Tuesday night, which dropped them to third place - tied with Cheboygan, and defeating Petoskey, 57-46, on Thursday evening.

Both games were played on Grayling's home court. Grayling took an easy victory over Petoskey on Thursday, October 6th, leading the entire game.

Melanie Ojala led the scoring with 20 points. Ojala was also credited with nine assists.

Head coach, Howard Lehti, said of Melanie, "She not only shoots the ball well, but she passes the ball well, too. Melanie is a 'pure shooter', which means that anytime she shoots the ball she has the potential of scoring."

Other players who scored were: Heather Stephenson 11, Deanna Phelps and Lori Gust 9 points each, Patti Tremblay 8, and Nikki Trenary and Peggy Kraus 1 point each.

"Coming off the bench," said Lehti, "Kraus, Perez, Petrosky and Rochette all played excellent defense for the team."

Lehti explained that everyone shared in the team effort. He said that the team could have scored more points, but giving everyone floor experience and still coming off with the win is always the goal.

The team's experience with Gaylord on Tuesday, October 4th, was not so pleasant with Gaylord taking home the victory, 55-50.

In the first quarter Gaylord took an early lead, 19-4, and Grayling was unable to overcome the tremendous deficit. Gaylord shot 68% from the floor, and Grayling had difficulty coping with their fast break.

As much trouble as Gaylord's fast break caused Grayling in the first quarter, Lehti said that his team was able to contain Gaylord's speed in the last three quarters of the game.

"The girls showed a good effort," Lehti said, "and they never gave up."

With two minutes remaining in the ball game, Grayling had possession of the ball, and Gaylord's lead had been whittled down to three points. Grayling was within one three point basket of tying the game when they had a costly turnover. Gaylord scored again and the game ended, 55-50, Gaylord.

Heather Stephenson took high scoring honors with 14 points. Melanie Ojala had 11 points, Deanna Phelps 9, Patti Tremblay and Lori Gust had 8 points each.

The girls traveled to Cheboygan on Tuesday evening and will also be playing at Boyne City (a non-conference game) on Thursday, October 13.

The girls J.V. team dropped both of their Spirit Week games, first to Gaylord, 44-59, on Tuesday, then again on Thursday night to Petoskey, 59-63.

The J.V. girls had a poor first quarter in their game with Petoskey, and Coach Dallas Hudson said it eventually cost them the game. An early injury to starter, Michelle Burcham, took its toll on the team both in points usually added by Burcham, and in the team's loss of confidence.

Burcham caught an elbow in her right eye, and had to be removed from the game in the first quarter.

Hudson said the team was in foul trouble early, affecting all five starters.

Hudson explained that even with Burcham's injury and their foul problems, the girls played well together and pressed Petoskey keeping their lead to four points at the end of the second quarter, half and then finally the final score, 63-59.

High scorer for the game was Nikki Morrill with 21 points, three of her points came in a single three point basket.

Other teammates who scored were: Claudine Allen 15 (one 3 point basket), Shannon Hinds 15, Lisa Jo Barber 4, and Michelle Burcham and Krista Wyman with 2 points each.

In the Gaylord game the J.V. girls were in foul trouble early in the first quarter with the team's starting five having three fouls each.

At halftime the score was 28-24, Gaylord, and Coach Hudson attempted to change the game plan to one the

team had not adequately practiced. He said that his trying to confuse the Gaylord team backfired on Grayling, and he accepted full responsibility for the team's 44-59 loss.

High scorer for the game was Michelle Burcham with 11 points.

Other points were made by: Claudine Allen 10, Lisa Jo Barber 10, Krista Wyman 6, Nikki Morrill 4, Shannon Hinds 2, and Cindy Fedewa 1.

Hudson said that because his starters were in foul trouble, he played his bench, and credited the girls for playing an excellent game.

I was torn between 5-speed
or automatic, not where to get the loan.

Then I made the right move
and chose NBD.

"When I saw this car, I knew I had to have it. I can't honestly say I gave too much thought about where to get the loan. I thought all there was to choosing a car loan was finding the lowest rate. "Good thing Mom was along. She set me straight and sent me to NBD.

"They explained that there were other things to consider, such as the length of the term, fixed or variable rates—even the possibility of leasing. Most of all, they made it clear they really wanted to help me get my car.

"Well, I got my car. And I got a great feeling about NBD. Which is why I decided to do all my banking there.

"I made the right move."

Today, you have more banking choices than ever. At NBD, we have to be better to earn your business. Make the right move, and make NBD your first choice for a car loan—for all your financial needs.

Regular Meeting September 13, 1988

Members present: F. Blaauw, R. O'Mara, R. McLachlan, M. Ashton, A. Stancil.

Members absent: None.

Guests: Gary L. Bofysil, Bruce Gillis, David Wyss, Jim Dowling, Joseph Callewaert, Calvin Gates, Jr., Nicole Waldorf, Dusty Smith, Donn Broeker, Sean Isenbauer, B.J. Fowler, Kirk A. Wakefield, Jenny Gillon, James Brackenbury, Tim Pernie, James Montoya, Todd VanDeVen, Dennis M. Meyers, Sue and Cal Brenner, Mike Ross, Steve Stancil.

Meeting called to order at 7:30 p.m. by Supervisor Stancil. Motion by O'Mara, support by McLachlan, to approve minutes of August 9, 1988, as presented. All ayes, motion carried.

Motion by Ashton, support by Blaauw, to accept Treasurer's report as presented. All ayes, motion carried.

No Action Correspondence: Crawford AuSable School District Board Happenings (8-8-88), Fire Dept. Report (Aug. '88), Upper Lakes Fire, Anthony Ballingash, Dave Sabin re: N.M.L. & O. option extension, Crawford County Road Commission/Hanson Drive contract.

BUSINESS:

1. Motion by McLachlan, support by Blaauw, that the wording for Township Hall proposal on the November 8, 1988, General Election Ballot read as follows:

Shall the Grayling Township Board be authorized to borrow a sum of money, not to exceed \$100,000.00, to purchase a Township Hall? NO INCREASE in millage is requested.

Roll call: McLachlan, aye; Blaauw, aye; O'Mara, aye; Ashton, aye; Stancil, aye. Motion carried.

2. Motion by Ashton, support by Blaauw, to accept petition for blacktopping of Wilcox Bridge Road signed by 82.5 percent of benefiting property owners and authorize Supervisor to contact Road Commission engineer for project cost estimates. All ayes, motion carried.

3. Motion by O'Mara, support by McLachlan, to approve increasing the membership of the City and Township Fire Department from 20 to 25 members. All ayes, motion carried.

4. Motion by Blaauw, support by McLachlan, to table request to consider amending BC/BS contract to allow spouse to stay in group subsequent to death of the primary insured. All

ayes, motion carried.

5. Supervisor read recommendation of the Planning Commission regarding Case No. 88-1 P.U.D., Riverbend Estates, Inc. A request for a Planned Unit Development to allow a single family residential development with exclusive and non-exclusive amenities such as parks and a golf course with club house located on portions of Sec. 9 & 10, T26N, R3W.

Chair recognized citizens who wished to speak: David Wyss cautioned the Board to adhere to the Natural River Plan in regard to Riverbend Estates or it may set a dangerous precedent. He represents the Michigan Riverguides Association.

Steve Jorgenson addressed concern regarding development of wetlands and requested an Environmental Impact Study.

Ashton stated the Planning Commission had been working with the Health Dept., Act 347 Official and the D.N.R. who have all agreed and E.I.S. is not indicated in this case. However, if a situation develops that requires study these agencies can and will request same.

Mike Boss, engineer for Riverbend stated they have avoided wetlands wherever possible, as shown on map, and if any disturbance of wetlands becomes necessary it would be in compliance with Federal, State and local regulations.

Dwight Hassan, representing AuSable River Property Owners Assoc. questioned whether allowing Planned Unit Developments in the Green Belt Zone is desirable? Is it a back door to allowing future commercial development along the river?

Ashton stated the current Planning Commission did not interpret it as such but the Zoning Board of Appeals could be petitioned by any citizen or the Township itself, to interpret the P.U.D. section of the ordinance or the Planning Commission could be petitioned to amend the ordinance to omit PUDs in the G-B Zone.

Bernard Fowler asked whether the master deed and by-laws were available and if proposed common areas and open space would always remain common and the open space undeveloped?

Proposed master deed and by-laws are available for inspection and common areas are addressed in these documents. Assurances are in place protecting common areas and open space.

Supervisor read letter from Jeff Silagy, DNR, would approve tailoring river lot widths as long as they were an average of 200 ft. wide at building set back and in no case less than 150 ft. wide at building setback line.

The Planning Commission has recommended an average of 250 ft. wide at river edge and a minimum of 150 ft. at rivers edge which considering current lot design where the average lot widens gradually as it goes back would also comply with DNR recommendation.

Motion by O'Mara, support by Blaauw, to approve Case No. 88-1 PUD rezoning request and amend Grayling Township Zoning Ordinance 83-4 as follows:

ORDINANCE 88-4

The Grayling Township Board having met and considered the recommendation of its Planning Commission for a rezoning of the property formerly known as the Rayburn Estate, being more fully described as follows:

The E½ of Section 9, T26N, R3W excluding the northerly 50 ft. thereof also the West ½ of the West ½ of Section 10, T26N, R3W excluding the northerly 50 ft. thereof and the NE¼ of the NW¼ of Section 10 excluding the northerly 50 ft. thereof.

from DD to PUD, and the Township Board having found the following facts to be true:

1. That the present fee owner is Riverbend Estates, Inc., Eugene Kraus, Principal.

2. That the owner has submitted a Petition for Rezoning which meets the requirements of 18.17 (B) (2) (a)-(d).

3. That the parcel in question is greater than 2½ acres.

4. That the former zoning was AuSable River (now R-F zone).

5. That the developer has indicated that all buildings will be set back 50 feet from the center of the streets or 25 feet from the lot line, whichever is farther.

6. That the design of the subject lot cannot provide light, air and privacy by using narrower setbacks than those required under the ordinance.

7. That the developer has indicated that rear lot setbacks will be as great or greater than front lot setbacks.

8. That the developer has indicated that there will be at least 15 feet between each building.

9. That the developer has indicated that open space will comprise at least 40% of the total gross area of the PUD.

10. That the developer has indicated that at least 50% of the net area of the PUD will be open space devoted to plantings, patios, walkways and recreational areas.

11. That the developer has indicated that at least 20% of the total area devoted to the PUD will be permanent unusable open space.

12. That the developer has indicated that at least 25% of the total recreational area of the PUD will be for occupants only.

13. That the conveyance to guarantee open space use will be under a home owners association containing declarations and covenants and restrictions which meet the requirements of 18.10 (a)-(f).

14. That access points are designed to permit smooth traffic flow.

15. That all residential buildings will be within 60 feet of access roads or drives providing vehicular access.

16. That although residential buildings contained within the PUD will be farther than 500 feet from a public street, this will be clearly spelled out to prospective purchasers in the selling agreements and adequate access to public streets is provided.

17. That all non-residential lands have direct access to primary streets.

18. That pedestrian sidewalks and walkways are separated from vehicular movement.

19. That the developer has acknowledged that if private streets are turned over to the county that he, and not the property owners, will bear the full expense.

20. That none of the street names in the planned PUD closely resemble those in other parts of Grayling Township.

21. That the parking standards set forth in the proposed layout of Riverbend Estates do meet the requirements of 18.15 (a)-(h).

22. That a 30 foot landscaped buffer has been provided around the entire PUD.

23. That the proposed PUD does include trees, groves, waterways and other considerations contained in 18.12 (A).

24. That the golf-course contained within the PUD is designed to serve primarily the residents of the PUD and is compatibly and harmoniously incorporated in the PUD.

NOW THEREFORE IT IS THE DECISION of the Grayling Township Board that the Petition of Rezoning be granted with the following specific conditions:

(A) That a performance bond be waived as same will be placed in escrow with the Dept. of Commerce as required by the Condominium Act.

(B) That a grading plan be submitted upon request to Soil Erosion and Sedimentation Control (Act 347) official for Crawford County.

(C) That an affidavit of the building plans of the developer contained in paragraphs 5 through 24 above be submitted.

(D) That the Township be supplied with a model selling agreement for lots in the subdivision which clearly gives notice to prospective purchasers that residential lots will be farther than 500 feet from a public street.

(E) That an Affidavit from the developer be procured affirmatively acknowledging that the developer, and his successors, assigns, agents and employees, will maintain the native protective strips and setbacks required in the AuSable River Natural River Plan and Planned Unit Development portions of Grayling Township Zoning Ordinance 83-4.

(F) A minimum riverfront lot width of 150 ft. will be acceptable as long as an average lot width of 250 ft. is established from a combination of 44 or less N & S riverfront lots.

(G) That approval or denial of the two single family cluster parcel be reserved for future consideration.

(H) That the selling agreement for lots in the subdivision clearly gives notice to prospective purchasers that since 1948 Tank Range 30 (located North of North Down River Road) has been used every year for military training maneuver and will continue to be used as a Multi-Purpose Range Complex for training troops.

Roll call vote: O'Mara, aye; Blaauw, aye; McLachlan, aye; Ashton, aye; Stancil, aye. Motion carried.

6. Supervisor read recommendations of the Planning Commission for approval Case 88-2 Natural River Plan which is proposed to replace the Green Belt section of Ordinance 83-4. Several areas of the proposal have been strengthened in regards to commercial and industrial development, accessory buildings, commercial timber harvest and pruning or removing trees in the nature protection strip.

Motion by McLachlan, support by Blaauw, to adopt the AuSable River Natural River Plan as amended by the Planning Commission.

Roll call: McLachlan, aye; Blaauw, aye; O'Mara, aye; Ashton, aye; Stancil, aye. Motion carried.

Copies of the Natural River Plan as adopted are available at the Grayling Township office during regular office hours or by calling or writing (517) 348-4361, P.O. Box 521, Grayling, MI 49738.

7. The Township accepted two petitions consisting of 149 signatures of Lake Margrethe property owners declaring their opposition to Case 87-1 Proposed Lake Margrethe Road End Ordinance.

Motion by McLachlan, support by O'Mara, to recommend that the Planning Commission to make changes in draft of Road End Ordinance that they feel necessary and then table Case 87-1 until a decision is made in the Court of Appeals on the Lyon Township, Roscommon County, road end ordinance suit. All ayes, motion carried.

8. Board respectfully accepts the resignation of Wayne Nicholas from the Planning Commission, effective August 31, 1988, for health reasons and the resignation of Mary Allen from the Planning Commission, effective Sept. 28, 1988, because she will be moving downstate.

Motion by McLachlan, support by Blaauw, to appoint Kirk Wakefield to the Planning Commission effective this date. Ayes, four; Ashton, abstain; motion carried.

9. Motion by Blaauw, support by McLachlan to adopt the following resolution:

RESOLUTION

WHEREAS the military use of Camp Grayling provides a unique and valuable facility for training the forces this Nation may someday need for the defense of the Nation and,

WHEREAS, this facility is observing its 75th year of training in Grayling Township since the grant of the property from Mr. Rasmus Hanson in 1913 and,

WHEREAS, in many instances and for many years the various guard units have gone beyond their required training to assist the community in "worthwhile" projects and,

WHEREAS, the military training commanders have never failed upon request, to inform this legislative body of their intentions and,

WHEREAS, the economic impact over a 75-year span to the various businesses, employees of the same and their families, as well as the civilian employees at the facility has been substantial

NOW, THEREFORE BE IT RESOLVED that Grayling Township supports, by this resolution, the operations at Camp Grayling necessary to maintain a defensive force for the protection of the rights of our democracy in its present age.

BE IT FURTHER RESOLVED that Grayling Township prays and current difficulties facing Camp Grayling, causing irreparable harm to the community's tourist trade, be overcome expeditiously and fairly in order that Grayling Township may continue to flourish in a responsible and planned manner.

BE IT FINALLY RESOLVED that copies of this resolution be sent to the Governor, legislators representing Grayling Township, Crawford County Board of Commissioners and appointees of the Governor's Camp Grayling Advisory Committee.

Ayes, five; Nays, none, motion carried.

10. Motion by Ashton, support by O'Mara, to adopt the following resolution.

RESOLUTION

WHEREAS, The Michigan Department of Transportation recommends that a street light be placed at the intersection of Four Mile Road and the mainline of the Detroit and Mackinaw Railway Company, near I-75, T26N, R3W, Sec. 33 in Grayling Township, and

WHEREAS, Grayling Township has been notified of said recommendation,

NOW THEREFORE BE IT RESOLVED, that the Grayling Township Board requests of Consumers Power Company a cost estimate for a street light of 8500 lumens to be installed at the Four Mile site.

Ayes, five; Nays, none, motion carried.

11. Department Reports are written and on file.

12. Motion by O'Mara, support by Blaauw, to approve payment of bills on vouchers 10774, 10775, 10777, 10778, 10789, 10801 through 10840, 10855 and 10856 in the amount of \$17,065.87.

Roll call: O'Mara, aye; Blaauw, aye; McLachlan, aye; Ashton, aye, motion carried.

Motion to adjourn carried.

Arrowhead Inn Is Target For Great Food, Fun, and Friends

The Arrowhead Inn has been providing for area appetites for 25 years. The restaurant was purchased on December 29, 1987 by Jan Dreasky from Ray and Sharon Priebe, and is managed by her son and his wife, Mike and Kay Dreasky.

The Dreasky family moved from the Flint/Flushing area. Jan retired from General Motors where she had worked for 20 years as a supervisor.

Mike brings to the Arrowhead Inn 14 years of food service training and experience. While working at J.P.'s in Flushing, Mike's employer, Phil Sheffield, sent Mike to three years of cooking seminars at the Southfield Hilton sponsored by the National Restaurant Association.

Mike also brought with him the Arrowhead Inn's head chef, Tom Harmish. When Tom and Mike get together in the kitchen each preparing their specialties, the staff calls them the Dynamic Duo. The benefactors of their efforts are the Arrowhead Inn's customers.

On Friday and Saturday evenings the Duo split, Tom cooks for the dining room and Mike does all the Charbroiling in the Copper Kettle Lounge.

Mike explained that the Copper Kettle is more than a bar, it is a place where friends congregate on the weekdays or weekends to enjoy good conversation and fun.

"The people who have become the Copper Kettle's 'regulars' have also become

extensions of our family," explained Mike. "We look forward to having them return."

The Dreasky's held a contest last winter to find a slogan that describes the Arrowhead Inn and Copper Kettle Lounge. The winning entry "Northern Michigan's target for great food, fun and friends" was submitted by Ron and Judy Baker. The slogan now appears on every Arrowhead menu.

Beginning November 1st the Copper Kettle will be having "Sunday Funday". Game tables will be set up and groups will be playing everything from Scrabble to Trivial Pursuit. Lunch of Charbroiled hamburgers and hot dogs will be served. "Sunday Funday" will offer local residents a place to spend a Sunday afternoon with friends inside, out of the cold weather.

Because Jan, Kay and Mike have not owned the Arrowhead long enough to accomplish any major changes, they have focused their energies in expanding the restaurant's menu to include their favorite foods. Diners will find Orange Roughly Parmesan and Chicken Perigodine, Oriental Shrimp and Broccoli Stir Fry and Chicken Piccata. Beef lovers can order a 14 oz. T-Bone Steak or Prime Rib by the ounce.

The Arrowhead Inn's menu also offers daily specials that feature low-sodium and cholesterol free entrees, as well as vegetarian meals. Some entrees may be prepared to suit

special diets or requests.

The Arrowhead Inn and Copper Kettle can serve 175 diners. It employs 14 full-time and 4 part-time employees. During the summer the restaurant employs 25 employees.

Special features of the Arrowhead Inn include their catering service. Catering can be done on or off the restaurant premises. In the past

the Arrowhead Inn has catered parties for Georgia Pacific, Weyerhaeuser and the AuSable Shriners. The restaurant can be reserved for weddings, Christmas parties, and other special occasions.

A unique feature of the Arrowhead Inn is Mike's special "Breakfast in Bed" catering service. Whether it is to celebrate a special anni-

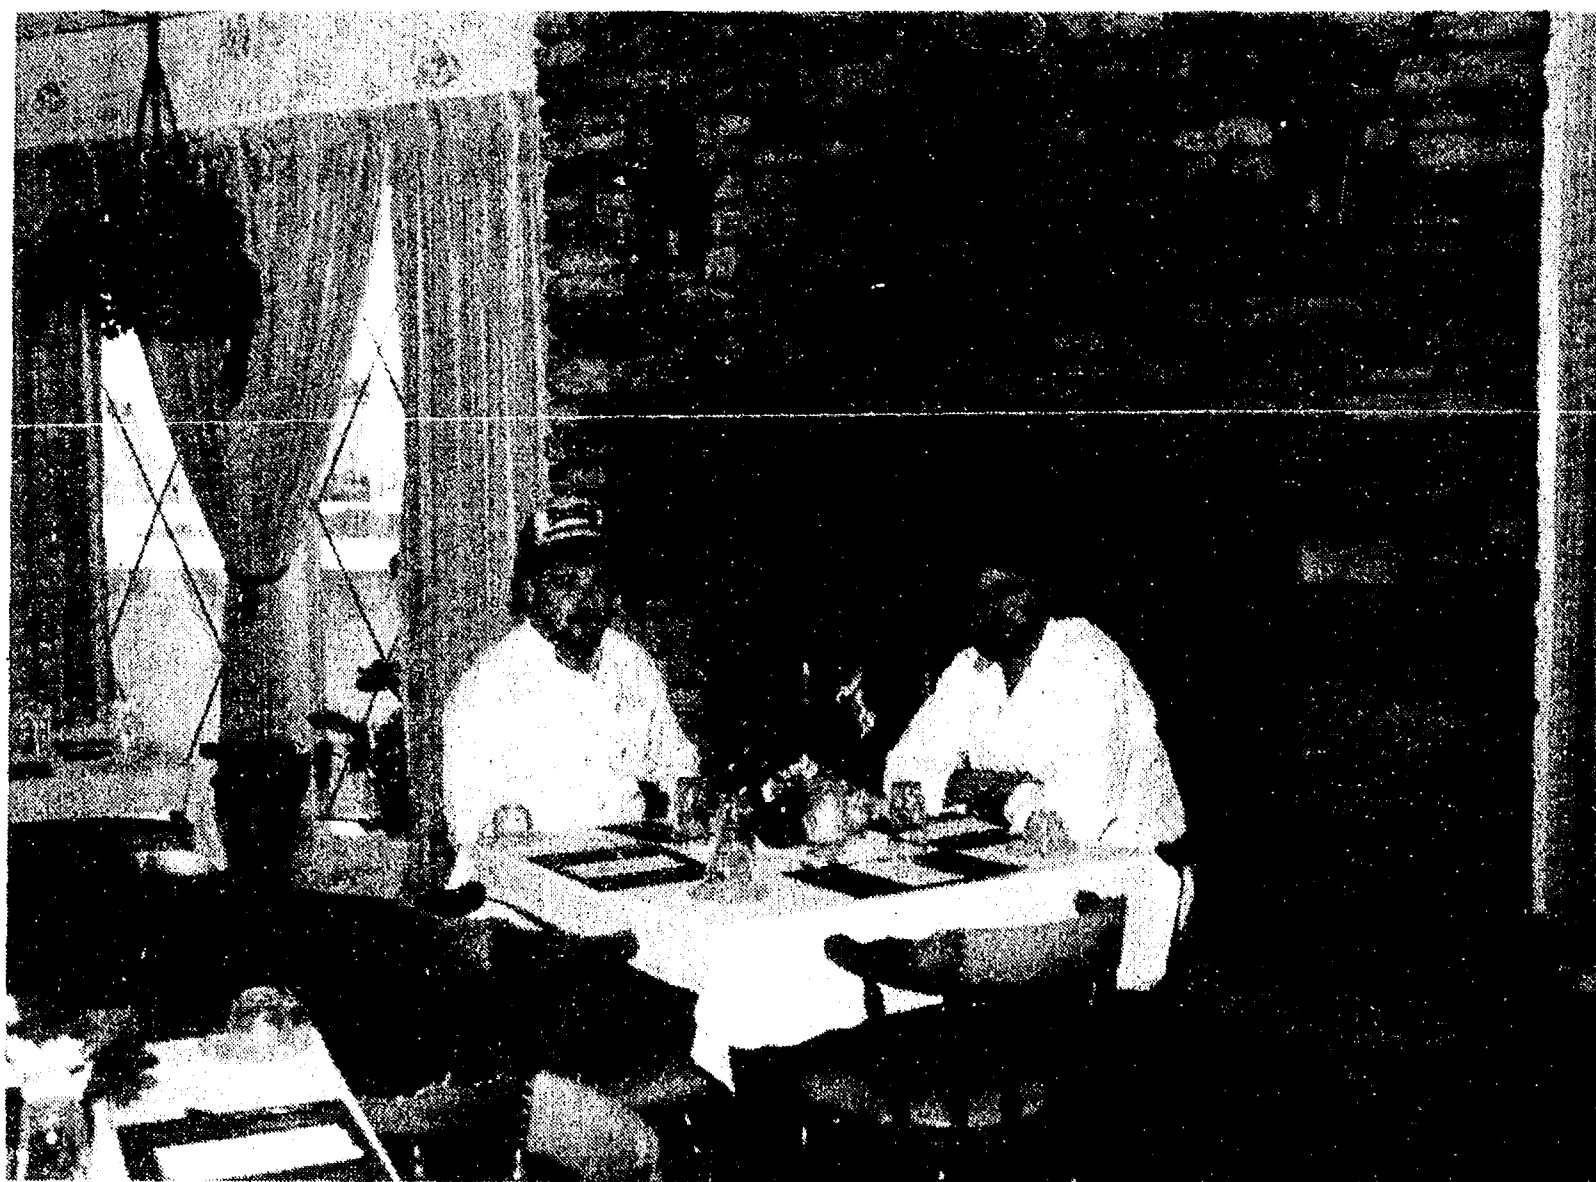

versary, the birth of a new son or daughter, or your retirement, Mike will dress in his tuxedo and prepare and serve your favorite breakfast complete with flowers and champagne.

"The Arrowhead Inn has been known in the past as a quality dining restaurant," Mike said, "and it is the Dreaskys' desire to continue this quality dining started by

Mitch Pieknik and Ray and Sharon Priebe."

Diners will find the Arrowhead Inn and Copper Kettle Lounge open 364 days a year (closed on Christmas Day) from 11 a.m. to 10 p.m. The Copper Kettle Lounge is open until 11 p.m. on Friday and Saturday evenings.

The Arrowhead Inn is located on the I-75 Business Loop South.

ARROWHEAD CHEFS — L to R: Tom Harmish and Mike Dreasky, the Dynamic Duo, are responsible for the delicious meals served at the Arrowhead Inn and Copper Kettle Lounge.

Lovells News

Mr. and Mrs. Norman Heyman of Bowling Green, Ohio, spent the weekend with her sister and husband Mr. and Mrs. Jim Spencer.

Margaret Douglas and Hugh Bitters were dinner guests at the home of Mr. and Mrs. Tom Vamoyksi in Gaylord on Sunday. The occasion was the 40th wedding anniversary of Mr. and Mrs. Tom Douglas of Traverse City. All of their children were there to help them celebrate.

Mrs. Elenor Schavibly and Kate Greg returned home Friday after spending a few days in Lansing.

Mr. and Mrs. Gimo Bertole spent the weekend in Detroit, while there they attended the Baptism of their granddaughter, Lauren.

Mr. and Mrs. Matt Caid and sons from Three Oaks spent the weekend with his grandmother, Mrs. Ruth Caid and brother Tim.

Mrs. Mary Bowen was the guests of honor at a baby shower given by her sisters, Mrs. Julie Burden and Mary Minard. A few games were enjoyed after which a delicious lunch was served. Later Mary opened many useful and lovely gifts.

On Saturday, twenty ladies of our community enjoyed a trip through Project Nature. They finished the day by having dinner at the Chalet in Gaylord.

Mr. and Mrs. Jim Jipping and daughter of Grand Rapids, were overnight guests of her Aunt Miss Margaret Douglas.

Lovells Extension

The Lovells Extension resumed their meetings, September 14 after a summer hiatus. The members met at Hartwick Pines for a picnic lunch and Hazel Koernke was the hostess. Members were happy to welcome back Gail Edwards our Home Economist; other guests included Edith Maki, Charlotte Clark, and Geneva Gries who won the coveted Mystery Gift.

The Business meeting included discussion of plans for Learn and Lead to be held at Shanty Creek November 9-10, and participation in the annual Christmas Tea. Four 30-year members, Mildred Johnson, Hazel Koernke, Sophie Koernke, and Margie Harwood were given Honorary Member status.

Vi Bigford gave an enthusiastic report on the classes she and Kitty Pellegrini attended during College Week. The information she shared was how to cater your own party, a workshop, wearable wardrobe, which included a computer analysis of your

figure, self defence for women demonstration and seminole strip sewing. Pellegrini told the group about the tour of the campus and sport facilities. Both ladies agreed the speakers were animated and delightfully informative.

On October 14th meeting will be held at the home of hostess Cheryl Hopp on Lovells Rd. Roll call - What I did for Halloween - please call your hostess if you bring guests.

TALK, TALK, TALK

Talk can arouse, but of itself it cannot heal.

To listen— Truly listen— is to begin the healing process a Township needs.

Listen to the wind. Listen to the birds. Listen to the trees. Be still, and listen to your God.

Above all, listen to your own conscience. This is the beginning of listening.

Then— listen to one person Even for five minutes Each day.

If each of us in Grayling Township listened with all his might for just 5 minutes

each day, wouldn't we be a better Township for it?

What this Township needs is a good 5-minute listener.

You?

I'm a listener

FOR YOUR CONVENIENT GAME MEAL
348-2240 M-72 West at I-75 Business Loop

The Crawford County Avalanche presents its first annual

FOOTBALL Contest

1st Prize \$50

1. A. Find the advertiser with game #1
B. Write down your prediction for game #1 on entry form.
C. Write down the advertiser's name on entry form where you found game #1.
2. Fill out rest of entry form this way including the two tie-breakers (your prediction on the total points scored by both teams in games #1 and #18).
3. Make sure you pick a winner for each game and you write down the advertiser's name for each game.
4. Return the entry by 5 p.m. Friday to the Avalanche.
5. The person with the most correct picks wins \$50 from the Avalanche. (Tie games are considered correct picks for everyone.)

October 8-9 Winner

1st Place \$50

Mike Harmer, Frederic

Mike Harmer, with only 2 wrong, took the top prize of \$50 but quite a few others came close. Gary McLaughlin, Chad Kelly, Sally McNamara, Alan Fagan, Leonard Blackmer, Walt Tilson, Julie Fagan, Corky Hellebuyck, Barbara Harmer, Steve Nelson, Carol Sietoff, and Randy Lagon each only had 3 wrong. Twenty-seven other entries only had 4 wrong — good enough to win in other weeks. Only 16 of the 106 entries had 8 or more wrong, including 3 who shared last place with 11 wrong. Most of the top entries missed the Green Bay upset of New England. One of the persons with 3 wrong would have won 1st place with the tie-breaker if he had not picked the Lions to win.

FOOTBALL CONTEST OFFICIAL RULES

1. Contestants must pick a winner for each game, and must also predict the total number of points scored in the game designated as the tie-breaker.
2. Contestants must list the advertiser in which each game is found. Entry blanks without advertisers listed will be invalid.
3. One entry per person per week will be accepted. Crawford County Avalanche, Inc. employees are not eligible.
4. Completed entry blanks must be signed and must be returned to Crawford County Avalanche, Inc., P.O. Box 490, Grayling, MI, 49738 no later than 5 p.m. on the Friday before each week's contest. Mailed entries must be postmarked no later than 5 p.m. Friday. No late entries will be accepted. Unsigned entries will be invalid.

5. The person with the most correct predictions will be the winner. In case of a tie, the person with the closest prediction to total points scored in the 1st designated tie-breaker game will be the winner. If necessary, the 2nd tie-breaker will be used.
6. Entries must be on an official entry blank as printed in the Avalanche or on a reasonable facsimile.
7. Winner for the previous week's Football Contest will be published with the new Football Contest each week.
8. Winners may claim their prizes at the Crawford County Avalanche office in Grayling between 9 a.m. and 5 p.m. weekdays. Prizes will be available for each week's winners after 9 a.m. Thursday. A driver's license or some other form of identification and a social security number must be presented when claiming a prize.

The Gospel of John

Part #52

The Shepherd and Salvation

The setting for John 10:22, 29 takes place under Solomon's porch at the temple in Jerusalem during the Feast of Dedication. This Feast commonly known to us as Hanukkah, was around December 25th and was a memorial to the purifying of the temple. Syrian king Antiochus Epiphanes had conquered Israel, and was trying to overthrow Judaism completely. He had murdered 80,000 Jews and enslaved another 80 to 100 thousand. He made it a capital offense to own the Old Testament, or practice circumcision of children. A mother caught circumcising her child was crucified with her child hanging around her neck. One Jew, Judas Maccabaeus, started an insurrection which ended in a revolution ending Syrian rule, and rebuilt and cleansed the temple, restoring worship of God. Jesus was observing this annual feast and celebration. (John 10:22-23).

The Jewish leaders challenged Jesus again. "...How long dost thou make us to doubt? If thou be the Christ, tell us plainly." (John 10:24). They were trying to blame Jesus because of their doubt and unbelief of Him as the Messiah or Christ. "Jesus answered them, I told you, and ye believed not: the works that I do in my Father's name, they bear witness of me." Jesus reminded them that He had already told them he was the Christ and proven it by His works, but they didn't believe Him. He tells them why. "But ye believe not, because ye are not of my

sheep, as I said unto you." (John 10:26). They were not part of the family of God. They were unsaved goats and not sheep.

Jesus Christ then gives the most precious assurance of salvation to His sheep found anywhere in the Bible. "My sheep hear my voice, and I know them, and they follow me." (John 10:27). "My Sheep" speaks of personal possession. "Hear my voice" speaks of receiving God's Word. "I know them" speaks of intimacy. "They follow me" speaks of obedience. This describes saved Christians. Jesus continues, "And I give unto them eternal life; and they shall never perish, neither shall any man pluck them out of my hand." (John 10:28). "I give unto them" reminds us salvation is a gift of God's grace. (Eph. 2:8, 9). "Eternal life" gives the nature of the spiritual life Christians possess. "They shall never perish" reminds them they cannot lose that eternal life. "Neither shall any man pluck them out of my hand" tells us Jesus has pledged His protection of our spiritual life for eternity. Jesus goes on to say the hand of the Father is pledged to our preservation also. (John 10:29). A sovereign shepherd has pledged the security of His sheep for eternity.

Crawford County
c/o Crawford County Housing Rehabilitation and
Community Development office
County Building, Grayling, MI 49738
(517) 348-2841, ext. 253

TO ALL INTERESTED AGENCIES, GROUPS AND PERSONS:

On or about November 1, 1988 the above named Crawford County will request the U.S. Department of Housing and Urban Development to release Federal funds under Sec. 17 (a) (1) (A) of the United States Housing Act of 1937 for the following project:

Rural Rental Housing Rehabilitation
Demonstration (RRRD)

Rental Housing Rehabilitation
Crawford County, Michigan
\$50,000.00

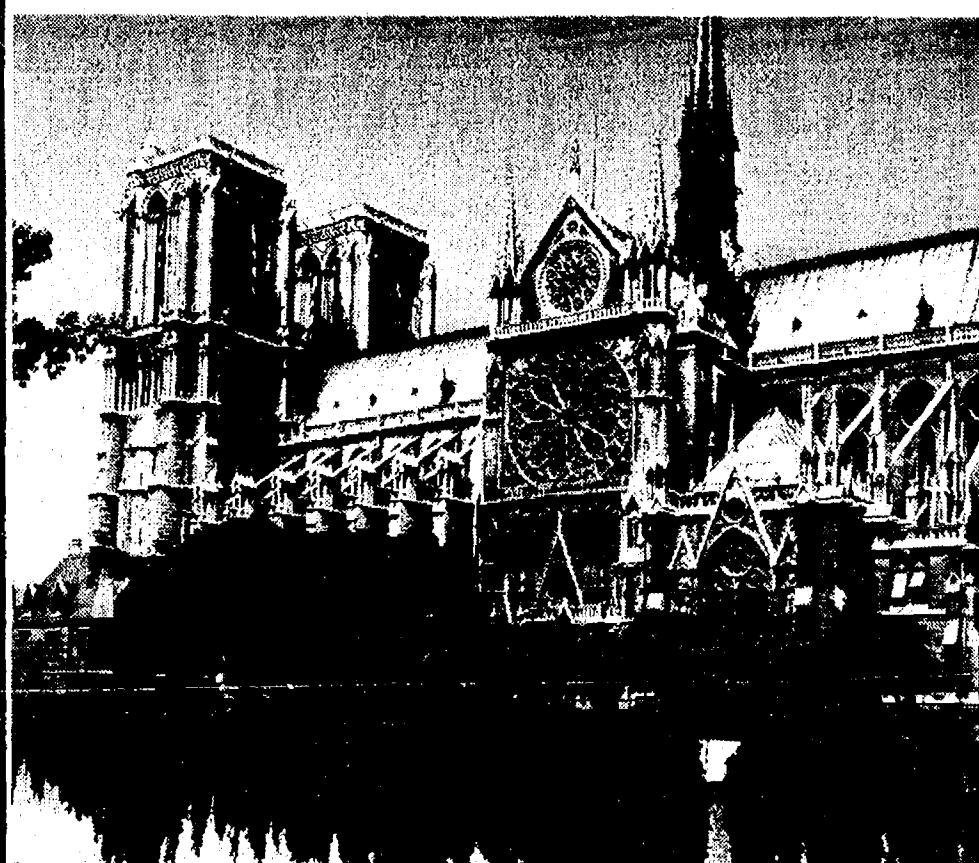

An Environmental Review Record respecting the within project has been made by the above-named Crawford County which documents the environmental review of the project. This Environmental Review Record is on file at the above address and is available for public examination and copying, upon request.

Crawford County will undertake the project described above with Rental Rehabilitation Program funds from the U.S. Department of Housing and Urban Development (HUD), under Section 17 (a) (1) (A) of the United States Housing Act of 1937. Crawford County is certifying to HUD that Crawford County and Lawrence Mattis, in his official capacity as Chairperson, consent to accept the jurisdiction of the Federal courts if an action is brought to enforce responsibilities in relation to environmental reviews, decisionmaking, and action; and that these responsibilities have been satisfied. The legal effect of the certification is that upon its approval Crawford County may use the Rental Rehabilitation funds, and HUD will have satisfied its responsibilities under the National Environmental Policy Act of 1969. HUD will accept an objection to its approval of the release of funds and acceptance of the certification only if it is on one of the following bases: (a) That the certification was not in fact executed by the chief executive officer or other officer of applicant approved by HUD; or (b) that applicant's environmental review record for the project indicates omission of a required decision, finding, or step applicable to the project in the environmental review Process. Objections must be prepared and submitted in accordance with the required procedure (24 CFR Part 58), and may be addressed to MSHDA on behalf of HUD at 401 S. Washington Square, P.O. Box 30044, Lansing, Michigan, 48909. Objections to the release of funds on bases other than those stated above will be considered by HUD. No objection received after October 31, 1988 will be considered by HUD.

CHURCH DIRECTORY

CATHEDRALS

Medieval man built cathedrals as monuments to their faith in God. The vaulted ceilings and stained glass windows are wondrous in their beauty.

Today, we still build great churches, but we now believe that our greatest monuments to God are our acts of love and generosity to our fellow men and women. Each time we perform a deed of love for another, we place another stone on our monument to God.

This is our most lasting monument.

COOR Board Honors Veteran Bus Driver

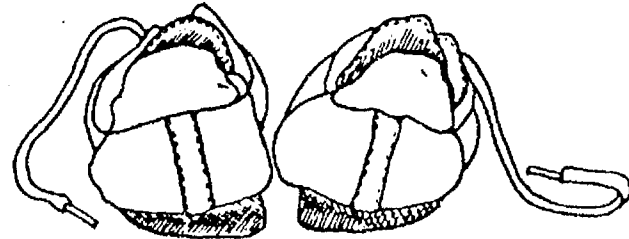

Shirley Reynolds, a COOR Intermediate School District bus driver since 1972, was recognized as an outstanding employee by the COOR Board of Education Sept. 14. Before becoming a bus driver, Reynolds was a volunteer at the ROOC Workshop. She has maintained a perfect safety record as a driver and does volunteer work two afternoons a week in the ROOC Rummage Department.

Congratulations from your friends and neighbors.
Happy Belated Birthday

Love, Toffie

Scoliosis: kids at risk

When you bought a new pair of shoes for your child, did you look at the old ones? If they looked something like the run-down pair shown with this article, it could be a warning signal of Scoliosis.

And a visit to this clinic could be the most important trip your child will ever make. Why? Because a spinal check is the only means of diagnosing Scoliosis in its early stages.

Scoliosis is abnormal curvature of the spine—a skeletal problem affecting children whose spines are growing. It is more prevalent in girls than boys.

It's a sneaky condition, because early symptoms usually aren't alarming: poor posture, slight back pain or discomfort. Untreated, Scoliosis produces varying degrees of skeletal abnormality, such as postural imbalance, tilted or protruding hip, dropped shoulder, slightly twisted neck. Ultimately, rib-cage deformity causing serious respiratory problems and heart damage can result.

But Scoliosis need not ruin your child's life. It responds readily to Chiropractic care. And Chiropractors, educated and trained specifically to diagnose and treat spinal abnormalities, are the best qualified health-care professionals to deal with this devastating condition.

In most cases, Scoliosis can be treated successfully without the use of braces, surgery or body casts, and preventive programs are important.

Some simple preventive measures can be practiced in infancy. Among them are the following.

1. Place the baby on its stomach for exercise during wakeful periods. This position permits the baby to lift its head and develop the arch of the neck.
2. Encourage creeping as long as possible.
3. When a child sleeps on his tummy, see to it that constant postural habits are not developed. If the baby lies habitually with its head to one side, turn it over on its back.
4. Change the baby's position in the crib, placing its head at one end one day, the next day at the other.
5. Avoid the use of swings or spider-legged, wheeled walkers, which tend to induce the infants to propel themselves and to stand upright before their spines are properly developed for this posture, and before they can support the weight.

Don't keep your child too long in the crib or "playpen, for the same reason...creeping is better!

Resource Review

By Bruce Patrick
Conservation Officer

I would like to describe someone to you to see if you recognize him:

This person lives in southern Crawford County, probably with a Roscommon address. The residence, however, is in the Crawford/AuSable school district. There are at least three children in the family. One attends Grayling Middle School; and is in pre-school or early elementary, and is named Angel, while the third child is in diapers and is still taking formula.

This person, whose wife's name is probably Debbie, smokes Malboro cigarettes and drinks Milwaukee's

Best Beer. While he smokes and drinks, he sometimes reads the Roscommon Herald-News and the Houghton Lake Resorter. If he is not reading those papers, he may be reading those cheap magazines about the "real west" and cowboys. He may even wear cowboy boots and cowboy hat (to go along with the Marlboros?).

This person recently bought a Proctor Silex electric mixer, to replace a broken one, and a Norelco electric knife. He may have purchased these items with money he earned or saved by working on cars, specifically the manifold of a small

engine. Does anyone recognize this person? If so, please tell him to pick up his trash that was dumped on state land between Billman and Seven Mile Roads within the last two weeks. His story is there for everyone to see as they drive by the pickup load of dirty diapers, school papers, cigarette packages, car parts, cardboard boxes, newspapers, magazines, and other assorted garbage he put there.

As long as people accept such actions on the part of their neighbors, we will continue to live in towns surrounded by a dump.

Recipes

By Phyllis Brummer

After a hearty meal, a tart dessert seems more tempting than a heavy, sweet dessert. This old recipe from a Sunkist lemon recipe book has always been a favorite.

Lemon Meringue Pie

Bring to a boil over direct heat:

1 cup water or milk

3/4 c. sugar

1/4 tsp salt

1 tsp grated lemon rind

Add: 5 tbsp. cornstarch mixed with 1/2 c. cold water. Cook until thick, stirring constantly. Remove from heat and add

2 well beaten egg yolks

1 tbsp. butter

6 tbsp. lemon juice.

Pour into a baked or crumb crust pie shell. Top with meringue made from the two egg whites and brown it in the oven.

For a quick, easy lunch, fry link sausages until brown, drain well, and enclose each in a flattened refrigerator biscuit. Bake until biscuits are nicely browned and serve this sauce over them:

Mix: 1 tbsp. cornstarch.

1/2 c. sugar

1 tsp grated lemon peel

3/4 - 1 c. cold water, depending on juiciness of lemons

Boil 5 minutes. Remove from fire and add:

Juice of 2 lemons

2 tbsp. butter

a dash each of nutmeg and salt

Lemon curd is delicious and can be used on toast, in individual tart shells, or as a cake filling. My mother made tarts by rolling out pastry dough and cutting it with a cookie cutter. Half the circles would have a hole in the middle cut with a tumbler. A filling would be spread on the solid circles and each one topped with a circle with the cutout.

Lemon Curd

1/2 lb. butter

4 lemons (juice and grated rind)

3 c. sugar

5 eggs, well beaten

Melt butter, add juice and rind of lemons; add sugar and eggs. Cook over very low fire or in double boiler until thick.

For a change from plain biscuits, make a rich biscuit dough and roll it out to about 1/4" thickness. Spread the dough with softened butter, sprinkle lightly with sugar, lemon juice, and grated lemon rind and roll up jellyroll fashion. Cut dough into 3/4" pieces and bake flat in a single layer until lightly browned. Remove from oven and brush with melted butter.

The Greeks have a word for it - Avgolemono. It's the traditional soup usually found only in Greek restaurants or homes.

Avgolemono Soup

2 qts. strong, clear chicken broth

1/2 c. raw rice

4 eggs

juice of 2 lemons

Bring broth to a boil and add rice. Cook until rice is tender, 20-30 minutes. Beat eggs until light and frothy and slowly beat in the lemon juice. Add about 2 cups of broth slowly so as to not cook the egg mixture. Add the diluted mixture to the remaining beaten eggs, beating constantly. Reheat soup but do not boil or the soup will curdle.

Lemon flavor is a nice addition to chicken also. Dust a cut-up fryer with seasoned flour and place in a shallow pan. Drizzle with peanut oil and bake 30 minutes at 400°. Turn chicken over and pour over a mixture of the juice of one lemon, 3 tablespoons of honey and 3 tablespoons of peanut oil or butter. Bake another 20-30 minutes until chicken is tender, basting with the lemon mixture several times.

Try using lemon juice instead of vinegar in your vinaigrette dressing. It gives a fresh taste, but does not keep well and should be made fresh for each meal.

Doodles from the Tall Timber

By Wendell L. Hoover
Hartwick Pines Interpreter

During the last few days I have been working on the acquisition and cataloging of artifacts to be used in and around the logging camp. A recent donation of hand tools provided a good number of items that will be useful. There are still items that would add more detail at the logging camp. For example, we could use a galvanized wash tub(s) and a large cast iron kettle to create an area

where the shantyboys did their laundry. We are also in need of the iron parts for large logging sleds.

As I look out my office window this morning, I can see the fall colors are already starting to fade; at least on some of the maples. The colors are still nice and attracting a lot of people to the park. In fact, we had a full camp this weekend and well over six hundred cars.

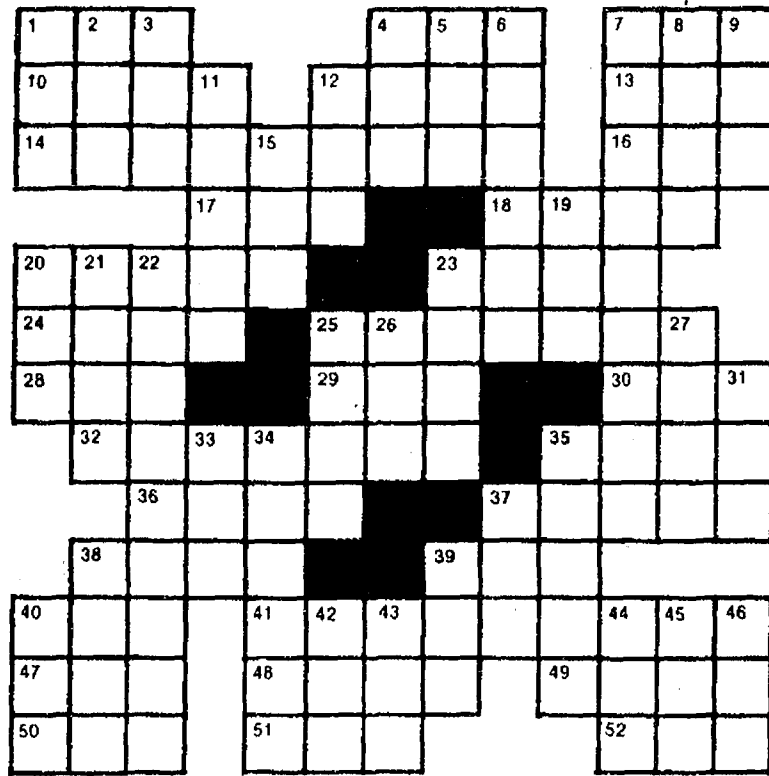

If you haven't walked the trail through the Tall Timber during the fall color time, I would suggest you do. As I've said in the past, the maple and beech foliage turns a beautiful yellow which creates a wonderfully golden atmosphere. There are seats along the trail where you can sit if you desire. These colorful days won't last long so enjoy them.

Your Week Ahead Horoscope

Forecast Period: 10/16 - 10/22/88

ARIES
Mar. 21-Apr. 19

The up and down pattern continues in such matters as education, legal, dealings with in-laws. Be alert to opportunity.

TAURUS
Apr. 20-May 20

Changes affecting the status quo calls for reorganization. You find yourself exerting more authority over the financial affairs of others.

GEMINI
May 21-June 20

Others want what you have. Maybe it's time to drop old associates and open the door for new experience.

CANCER
June 21-July 22

Employment can come through friendships or group association. Your originality in developing new methods is a valuable commodity.

LEO
July 23-Aug. 22

A sudden romantic attachment is pleasing to the ego. Be ever alert to the "fatal attraction" syndrome.

VIRGO
Aug. 23-Sept. 22

Domestic harmony can be illusive. Family members seem to have a short fuse, ready for a big blow up.

LIBRA
Sept. 23-Oct. 22

You tend to let your mind switch from one extreme to the other. Inspiration introduces new concepts and ideas.

SCORPIO
Oct. 23-Nov. 21

Expect changes in the source of your income. Perhaps another "buy out" at a high level. Sit tight.

SAGITTARIUS
Nov. 22-Dec. 21

Sagittarius says "don't fence me in." You will probably break through the restrictive forces you've been subject to.

CAPRICORN
Dec. 22-Jan. 19

Things which have been limiting you fade into the background, paving the way for greater freedom.

AQUARIUS
Jan. 20-Feb. 18

Disruption in friendships and group associations is but a pause in your search for more meaningful pursuits.

PISCES
Feb. 19-Mar. 20

Professional interests seem to take a back seat to the joys of life at home. Same function, but a different locale.

BUDDY'S WORKSHOP

Doing It Right The First Time

There is a new product out that says it can stop our basement walls from leaking. However, on the bag the directions say to apply the material onto bare concrete block. The blocks in our basement have been painted, but I wouldn't think it can make that much difference. Can I still apply the waterproofer without going through the hassle of removing the paint?

I am a strong proponent of doing things one time and doing them according to instructions. You could very easily apply the waterproofer to your painted concrete block, and it does have a chance of solving your problems. But why not spend a little extra time and follow directions? You can remove the paint by using a steel brush or some type of power grinder. If you don't remove the paint, and you still have water problems, you'll then have to remove the waterproofer, remove the paint underneath it, then start all over. The material you're going to apply was designed to adhere to the block itself, not paint.

With Christmas on the way, do you have any suggestions for presents for my do-it-yourself husband?

All I can tell you is what I would like to receive. Consider getting him a gift certificate from the hardware or home center store that he uses most often. Most do-it-yourselfers could spend every cent they can get their hands on, and they always need something.

It's that time of year again. Spend a weekend getting your home ready for the cold winter months that are just around the corner. Don't forget to change or clean furnace filters, oil blower motors if needed, and drain and refill your water heater. Remember, an ounce of prevention...

Poet's Corner

The Monarch Pine

I stood beneath this stately pine,
In the early hush of dawn.
Pondered on blessings, that are mine,
To stand on ground this tree grows on.

It has sheltered birds for many a day,
Amidst its fragrant boughs
And feeling deer can wend their way,
To rest there after they browse.

This tree, so regal and so tall,
As the seasons come and go
Withstands the summer's fiery heat
And the winter's cold and snow.

An inspiration for us again
To reach out and help mankind,
To comfort them in grief or pain
In doing so, Peace we will find.

Hazel Koernke,
Lovells

Verse or Worse

By Joseph D. Murphy

Little Town with a Big Heart

Now it's just kind of a wide spot in the road
That old home town of mine
It had seen its glory days
Back in the days of the tall pine.

But the thing that I remember best
Of my childhood spent there
Is all the nice friends and neighbors
Who were the kind of folks that care.

If you ran into some trouble
They all came to do their part
To help you weather out the storm
The little town with the big heart.

It has become kind of a tradition
That has never died away
If you are having problems
They'll still help you out today.

Tonight folks gathered to help a neighbor
A lot of folks took part
Concern for others is still alive
In the little town with a big heart.

I'm mighty proud of Frederic
Of all the fine folks that live there
Who still believe in helping neighbors
They're the kind of folks that care.

Jeannine Eggert, Director of the Crawford County Housing Commission, recently received a Certificate of Appreciation from the Farmers Home Administration for her outstanding accomplishment in administering the Housing Preservation Grant Program.

Crawford County received a grant of \$150,000 in 1986 from the Farmers Home Administration to rehabilitate housing owned and occupied by very low- and low-income rural persons. Grantees provide eligible homeowners with financial assistance through loans, grants, interest reduction payments or other comparable financial assistance for necessary repairs and rehabilitation.

These activities contribute to the health, safety and well-being of the occupant and contribute to the structural integrity or long term preservation of the housing.

A subsequent grant of \$150,000 was awarded to Crawford County September

15, 1988. For more information regarding this program, please contact Jeannine

Eggert at the Crawford County Housing Commission 517-348-2841.

Bits of Talk

Bruce and Corrine Smith spent a week in Lake Linden where they visited both of her sisters and their husbands. They helped Melba and Clarence 'Dizzy' Dupois celebrate their 50th wedding anniversary and attended the wedding of George and Arlene Stevens' son. Bob and Fay Bovee spent

four days in Worthington, Ohio, with their daughter, Dena Bovee and four more days in Louisville, Kentucky where they attended the ACCT conference held at the Galt Hotel. They enjoyed the harness racing at Louisville Downs and were guests of Lee Meagher (Mrs. Bill Meagher) for lunch and a tour of Churchill Downs.

City Council Proceedings

September 26, 1988
Regular meeting of the City Council held September 26, 1988.

Meeting called to order by Mayor Gohnick at 7:30 p.m. Members present: Gohnick, Latuszek, Sloan, Thompson, White. Members absent: None.

Also in attendance: Jerry W. Morford, City Manager; Allen V. Schreiner, City Treasurer; David Sabin, Gayle Mills, Tom Mills, Brian D. Banda, Emil L. Kraus, Kenny Elliott Jr., Marian Joseph, Fay Bovee, Nelson Miles, Fred Shippy, A. Donald Sorenson, Roy Knight Jr., Michael Knight, W.T. Moore, Ruth Moore, Ann DuBois, Dick DuBois, Mary Jane Knibbs, Carol Thompson, Laurine Kraus, Paul Failing, Kevin Francis, J. Montoya, Sheryl Klinger, Cheryl Barker, Ralph Hoffman, Shirley Bendig, John Cherven.

Moved by Sloan, supported by Latuszek that the minutes of the meeting of September 12, 1988 be approved as presented. Ayes: 5, Nays: 0, Absent: 0, motion carried.

Citizens who wish to speak. None.

Communications were received and noted.

From Grayling Housing Commission re: Equal Opportunity Policy.

From Grayling Housing Commission re: Meeting Minutes of 9-13-88.

From City Treasurer re: August Finance Statement. Ms. Latuszek asked that the Treasurer supply comments about the finance statement showing significant changes.

From City Manager re: City Projects Memo. Mr. Gohnick asked that the projects memo be placed in the Avalanche if possible.

From M.M.L. re: Legislative Bulletins.

Old Business.
The matter of the Knibbs re-zoning request was again opened for discussion. Mr. Kraus asked to speak again on the subject. He noted that the petitioners family had owned the property since 1923. He stated that a hardship may not be self inflicted while using the same as a reason for re-zoning. He reiterated that the street in question was of an historic nature, was a prime residential area and should not be downgraded by re-zoning one parcel to a commercial status.

Mr. Thompson asked City Attorney Sabin if he had anything to add. Mr. Sabin noted that he had submitted a memo and that a decision to re-zone would require a 2/3 vote of the Council or 4 Ayes to pass. See attachment "A".

Ms. Mills also spoke in opposition to the re-zoning. Mr. Thompson noted that he favored the petitioner for the following reasons:

1. The right of an owner to sell his/her property for the highest and best use and price.

2. Present real estate tax is based on approximately \$17,500.00 of SEV which amounts to about \$980.00 of taxes. If re-zoned with a new building erected I am told the SEV would exceed \$50,000.00 which would result in about \$2,800.00 of taxes (an increase of about \$1,800.00).

3. Progress and new jobs.

4. Prevention of a legal action which, I am told by a reliable source, we would lose at great expense.

5. The rest of the frontage is zoned commercial.

6. The property has been on the real estate market for some time. Those opposing the re-zoning could have purchased it at any time.

Moved by Thompson, supported by Sloan that entire Block 10 of Hadleys 2nd Addition be re-zoned from R-2 to C-2 with the following use exclusions: Motels, New or Used Car Lots, Junk Yards, Oil and/or Gas Stations, Engine Repair Shops, Tire Sales, and Full-Time Amusement Parks or Centers.

Mr. Kraus asked that Mr. Thompson disqualify himself for conflict of interest. Mr. Thompson stated that he had no conflict of interest. Mr. Gohnick asked if the Council was allowed to place restrictions on a re-zoning vote. Mr. Thompson cited a Michigan case which he stated allowed such restrictions. Mr. Sabin gave his opinion that this type of restriction was unacceptable under the law and as City Attorney he recommended against such restriction. Mr. Thompson and Mr. Sloan agreed to the motion being restated to re-zone Block 10, Hadleys 2nd Addition from R-2 to C-2 without restrictions.

Vote: White: Yes, Gohnick: No, Thompson: Yes, Sloan: Yes.

Latuszek: Abstain, motion passed.

Mr. Miles asked about the State Law which required a 2/3 majority of Council for an affirmative vote. Mr. Sabin supplied him with a copy of the statute.

Mr. Miles also asked about what he termed as a "Protest Petition" by those opposing the re-zoning petition. He stated that a protest petition the Council could not deny the petitioners request for a zoning change.

Ms. Latuszek then asked to change her vote to No. The motion then failed to receive the 2/3 majority.

Ayes: 3, Nays: 2, Absent: 0, Abstain: 0.

Note: Subsequent to this meeting City Attorney Sabin reviewed the matter of a 2/3 majority further and determined that a simple majority of the City Council was sufficient to re-zone the property in question and that said re-zoning would take effect on publication. See attachment "B".

Bids on the proposed D.P.W. truck were received from the following:

Bidder	Amount
1. Al Bennett Ford (truck only)	\$37,183.00
2. Hyde Equipment (equipment only)	13,769.00
3. Central Ford Truck Sales (complete)	53,078.09
4. Woodland International Trucks (chassis & equip.)	52,024.00
5. Traverse City White G.M.C. (complete)	65,711.30
6. Hagens Delta Ford (complete)	52,052.00
7. Wise International (complete)	50,908.99

Moved by Gohnick, supported by Thompson that the bids be referred to the City Manager, City Treasurer and D.P.W. Supervisor for examination and report at the next meeting. Ayes: 5, Nays: 0, Absent: 0, motion carried.

New Business. None.

Reports of City Manager. None.

Reports of Council Members.

Mr. Sloan reported a request from the Chief Shoppenagon for 4 reserved spaces for bus traffic.

Moved by Sloan, supported by Thompson that 4 parking spaces on Norway Street be reserved for bus pick-up and discharge and be so signed as soon as possible. Ayes: 5, Nays: 0, Absent: 0, motion carried.

Mr. Thompson asked about the requirement for a 2/3 majority on a vote. Mr. Sabin noted that Roberts Rules of Order provide that a 2/3 majority resulting in a partial vote must then go to the next full vote (i.e. 3.3 votes would require 4 votes be cast).

Mr. White asked about the C-2 Zoning on McClellan. Mr. Morford replied that the zoning was done in 1978.

Adjournment.

Moved by Gohnick, supported by Sloan that the meeting be adjourned. Ayes: 5, Nays: 0, Absent: 0, motion carried. The meeting was adjourned at 8:51 p.m.
